

# Notice to Surveyors

**T5/2017**

## Extension of time for feedback

# Review of the Western Australian Land Surveyors Licensing Board Special Survey Area Guidelines

The Notice to Surveyors [T4-2017](#) provided information about the Landgate and the Land Surveyors Licensing Board (LSLB) review of the Special Survey Area (SSA) Guidelines and an invitation to provide input either directly to me or via a [survey](#).

Early feedback is indicating that some changes to the guidelines will be necessary, especially concerning the rural and rural-residential subdivisions. There has also been moderate support for bringing AHD levels onto final control points; a concept that will require some careful development.

In response to requests for additional time to respond to the survey, the initial feedback period has been extended to Monday 10 July. The draft revised guidelines will be published for comment by Friday 21 July. This will allow another month for review with the intention of submitting the final revised guidelines to the LSLB for its 21 September meeting.

This extra time will enable the AHD levelling concepts and other suggestions to be properly developed with appropriate consultation.

Please take the time to complete the survey. No specific feedback will be identified publicly by Landgate – all submitters of feedback will remain confidential, with only the results apparent in the revised guidelines.

All practising licensed surveyors, as well as that of their colleagues and associates, are again encouraged to provide their feedback on any aspect of Special Survey Area subdivisions.

The revised schedule is as follows:

Monday 10 July 2017	Deadline for initial feedback
Friday 21 July 2017	Draft revised guidelines published to LSLB and all practicing Licensed Surveyors for formal feedback (two weeks)
Monday 20 August 2017	Deadline for formal feedback on draft revised guidelines (four weeks)
Early September 2017	Final draft revised guidelines to LSLB for consideration at its 21 September 2017 meeting

Initial feedback can be submitted via a Survey Monkey questionnaire at [Special Survey Area Guidelines survey](#) and/or submitted by e-mail to Murray Dolling at Landgate: [murray.dolling@landgate.wa.gov.au](mailto:murray.dolling@landgate.wa.gov.au) .
