Value

Requesting portal access as external client

Request access

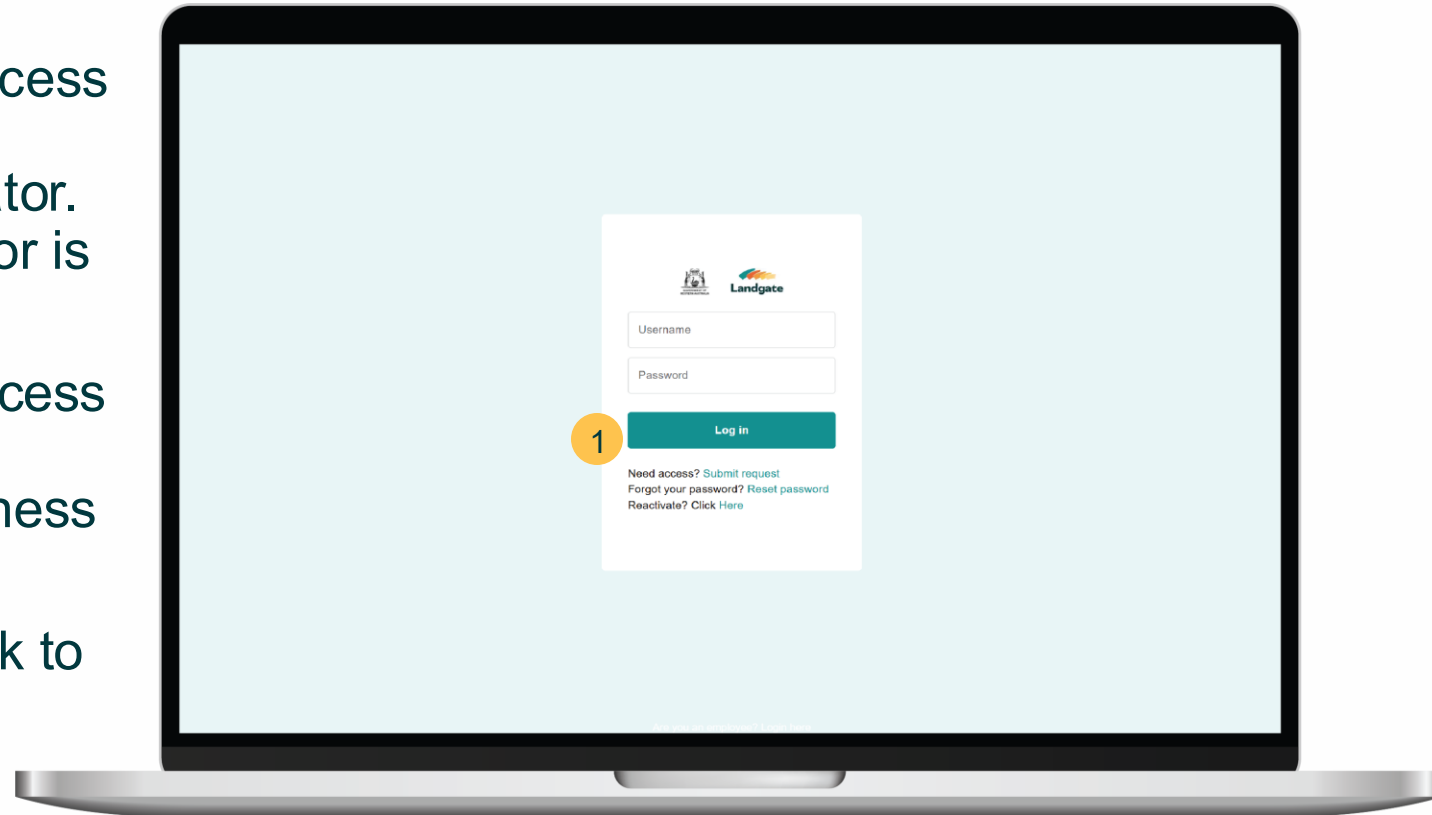

Your first and fastest option to gain access to the Client Portal is to contact your organisation's Client Portal administrator. Access provisioned by an administrator is immediate.

Alternatively, a person can request access to the Client Portal via the Portal login page. Access is granted within 2 business days.

- 1 Click on the "Submit request" hyperlink to launch the form.

The URL is:

<https://val.clientportal.landgate.wa.gov.au>
which will be activated post go-live.

Request access form

Complete the fields in the form. Either a Mobile or Phone number must be provided

Select either Standard User or Administrator access:

- Standard User – general access to Client Portal functionality
- Administrator – elevated access, including user provisioning and account management

1 On clicking Submit, the following message - “Your request has been successfully submitted” will appear to the user.

The submitted request is delivered to Valuation Services for review and action.

The screenshot shows a laptop displaying the 'Valuation Services Client Portal' interface. The main heading is 'Access Request'. Below this is a teal box with white text: 'Please refer to your delegated administrator in your organisation for user access to the Valuation Services Client Portal. Where a delegated administrator is not available, you may request user access through Landgate by completing this form. Your request will be actioned in 2 business days.' The form fields include: 'Title' (a dropdown menu with 'Select an Option'), 'First Name', 'Last Name', 'Email', 'Organisation', 'Phone', 'Mobile', 'Access' (a dropdown menu with 'Standard User' selected), and 'Comments'. At the bottom, there is a checkbox for 'I'm not a robot' next to a CAPTCHA logo, and two buttons: 'Cancel' and 'Submit'. A yellow circle with the number '1' is overlaid on the 'Submit' button.

Value

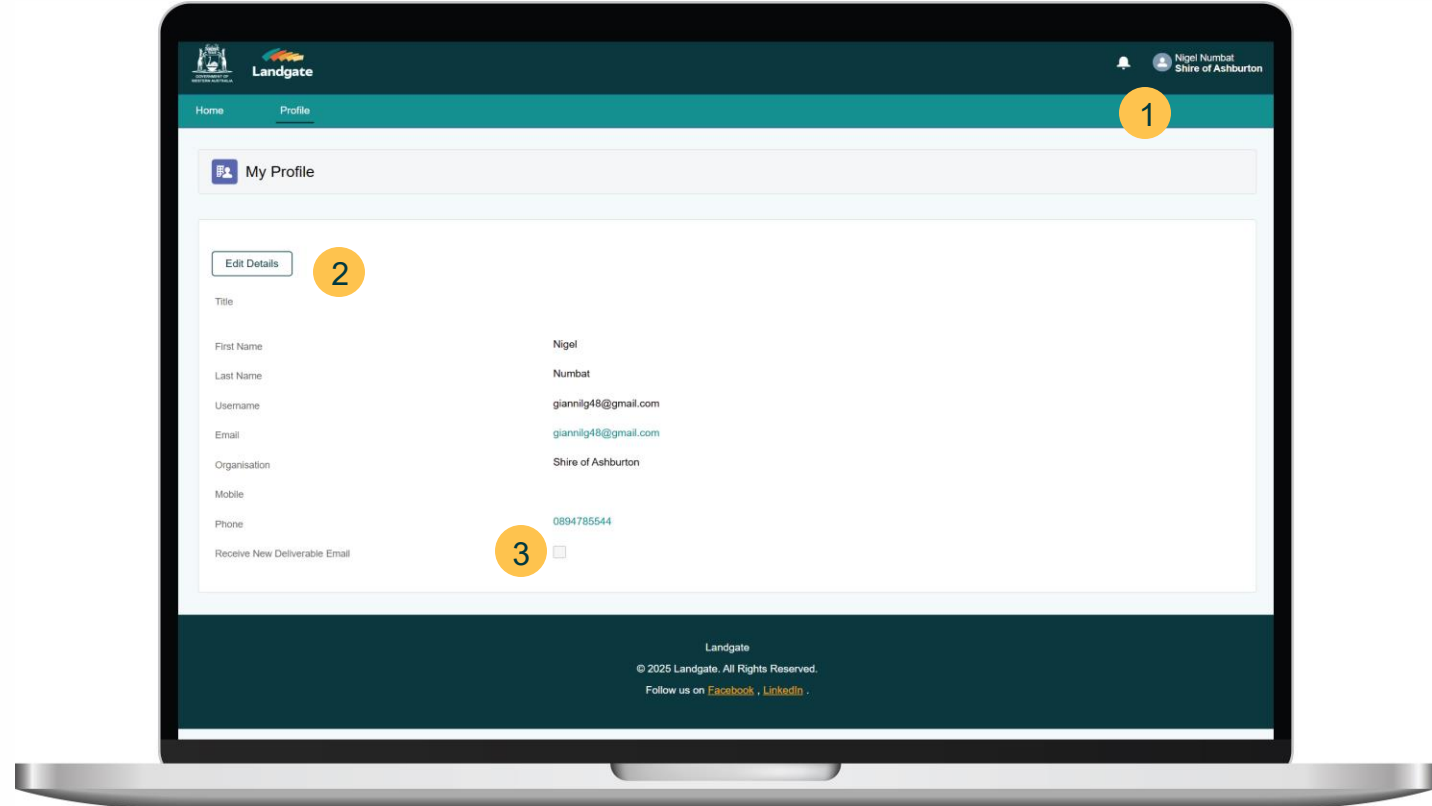

Managing your profile

Value

Updating your user profile

- 1 Users can click on their profile, then Settings.
- 2 Users can update their own user profile by selecting Edit Details.
- 3 Users can nominate to receive email notifications when deliverables are loaded by Valuation Services e.g. valuation rolls, other deliverables/reports

Value

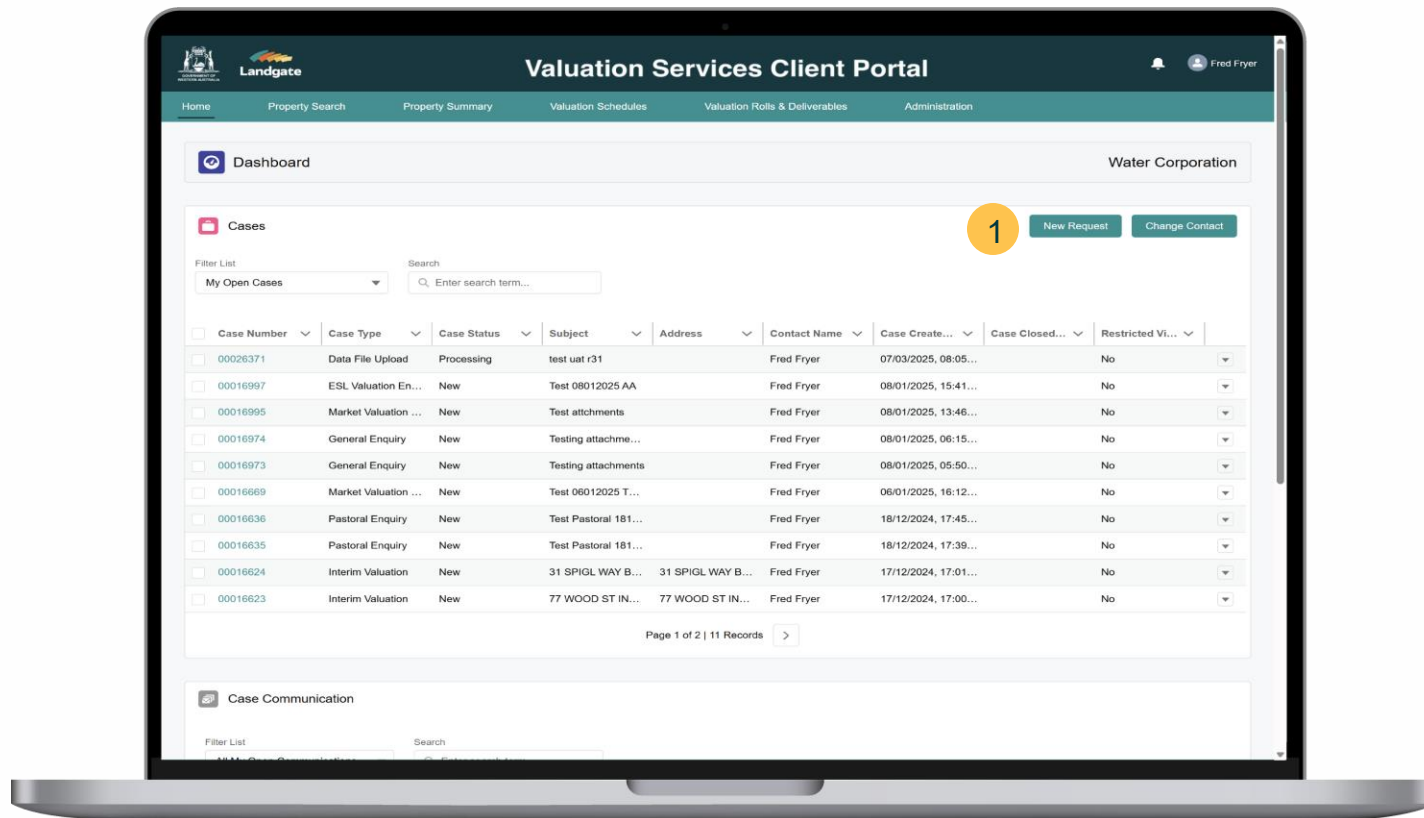

Client Portal - Dashboard

Value

Create new requests

- 1 At the top of the client portal dashboard is the **New Request** action button.

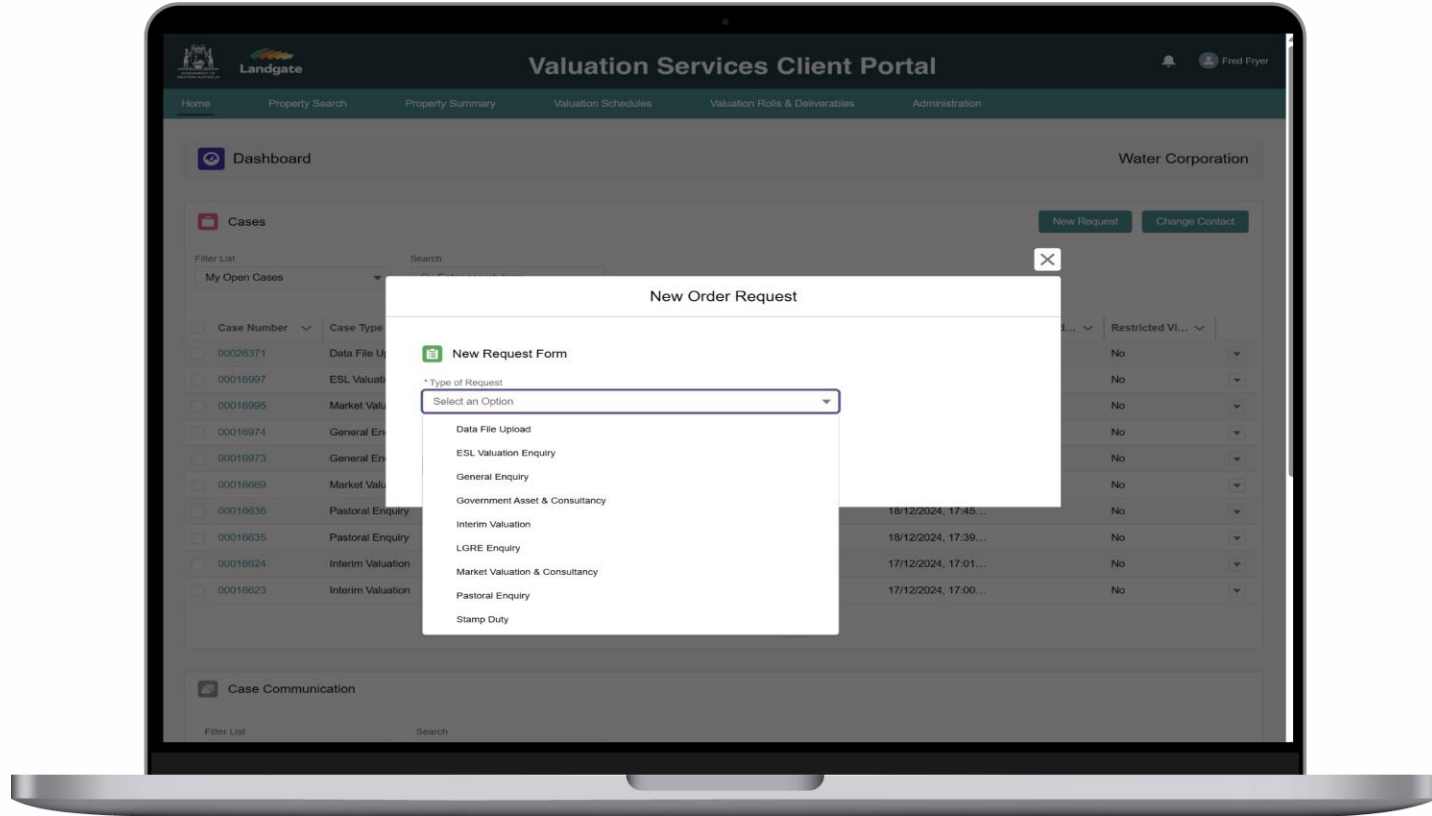

Create new requests

User will then be presented with the **New Request Form** drop down.

Make the relevant selection. The list that you see in the screenshot may not all be relevant for your agency. Only applicable options will be viewable.

Agencies that regularly provide data files to Valuation Services will be have the “Data File Upload” form to upload these files.

Create new requests - address/VEN search

- 1 Request forms may ask for an Address/VEN to identify the associated property that the request relates to. Type in the address or VEN and you will be provided with matched results for selection.

The inclusion of an Address/VEN will ensure that actions are completed on the relevant property.

The screenshot displays the 'Valuation Services Client Portal' interface. A modal window titled 'New Order Request' is open, showing a form for an 'Interim Valuation'. The form contains the following fields:

- First Name: Fred
- Last Name: Fryer
- Contact Email: glannilg617@gmail.com
- Phone: 0846456455
- Mobile: 0446545454
- Organisation: Water Corporation
- Address / VEN Search: A search field with a magnifying glass icon and the text 'Start typing an address or VEN.' This field is highlighted with a yellow circle containing the number 1.
- Property Land ID
- Urban/Rural
- Valuation Type

The background shows a sidebar with 'Dashboard' and 'Cases' sections, and a main area with a table of cases. The bottom of the screen indicates 'Page 1 of 2 | 11 Records'.

Create new requests - advanced property search

- 1 If a target property cannot be identified using an address or VEN, the user has the option to conduct a form-based general search via the **Go to Property Search** link.
- 2 From the search results, you can click the drop down and select "Create New Request". The relevant form can then be selected and completed.
- 3 **Help tip:** when entering the Street Name, do not enter the street type in full e.g. Road. Either enter the abbreviation (e.g. Rd) or no street type.

The screenshot displays the 'Valuation Services Client Portal' interface. The top navigation bar includes links for Home, Property Search, Property Summary, Land Summary, Valuation Rolls & Deliverables, and Valuation Schedules. The main content area is divided into two sections: a search form and a search results table.

Search Form: The form is titled 'Property/Land' and includes fields for Local Government (Albany), Land ID, Admin Area, Street No. From, Street No. To, Land Type (Select Land Type), Certificate of Title, Street Name, Owner Name, Suburb, and Rural Ratepayer Name. A 'Search' button is located below the form.

Search Results: The results table lists properties with columns for VEN, Lot No., Address, VEN Area, Primary Use, and U/R. The first row is highlighted, and a dropdown menu is open for the 'U/R' column, showing options for 'View Property Details' and 'Create New Request'.

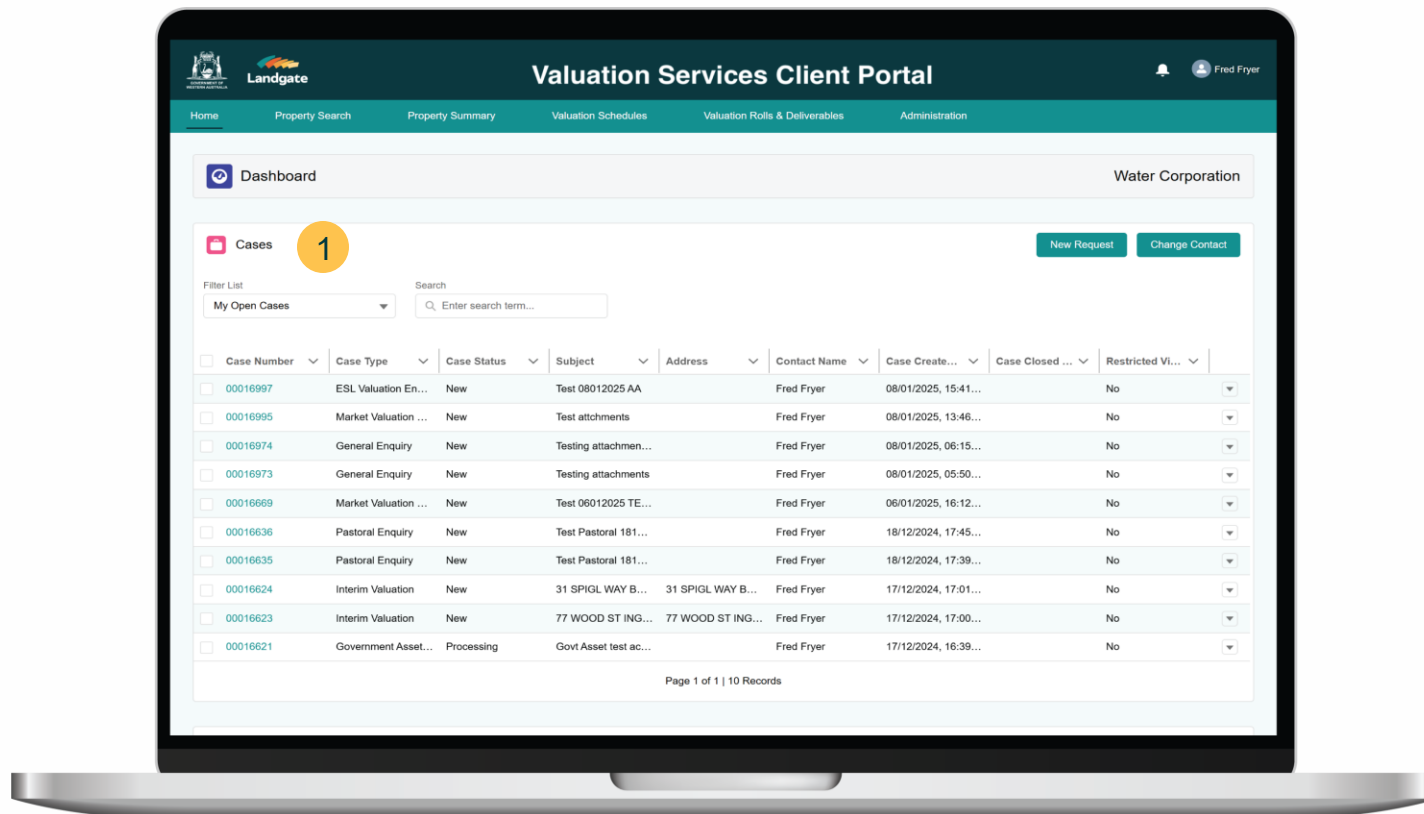

VEN	Lot No.	Address	VEN Area	Primary Use	U/R
77	L14	4 ANTHONY RD MILPARA 6330	2,307.0000...	14D40585	Urban
102	L8	17 BURGONYE RD PORT ALBANY 6330	3,5215 Ha	8D38678

Value

Cases

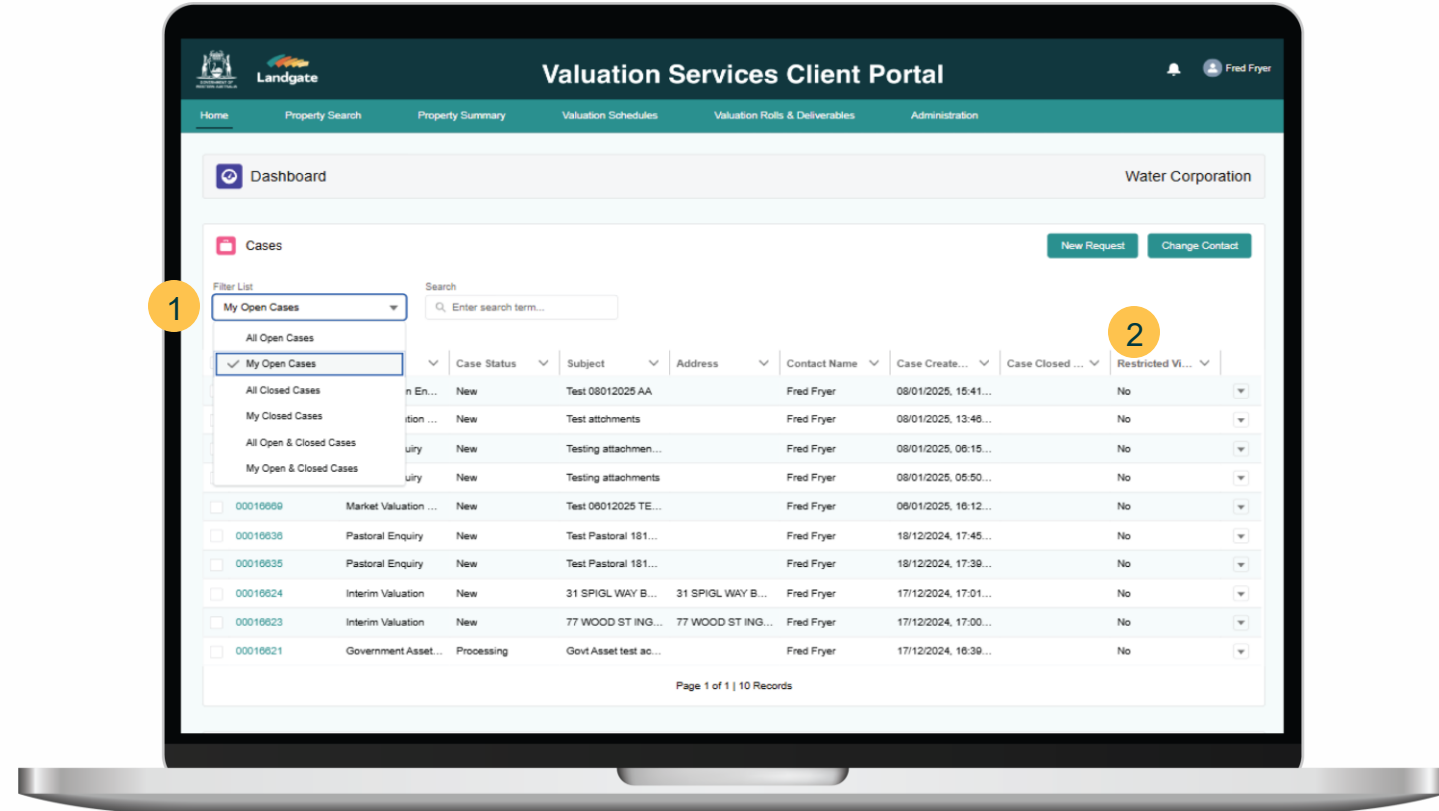

- 1 The top section of the **Home Dashboard** displays the open cases for the client user. This is the default view.

Cases

- 1 Filter lists and search function are available to locate a case. This includes viewing all cases submitted by users at your organisation.
- 2 Cases that are marked as **Restricted View** can only be seen by the contact owner and administrators.

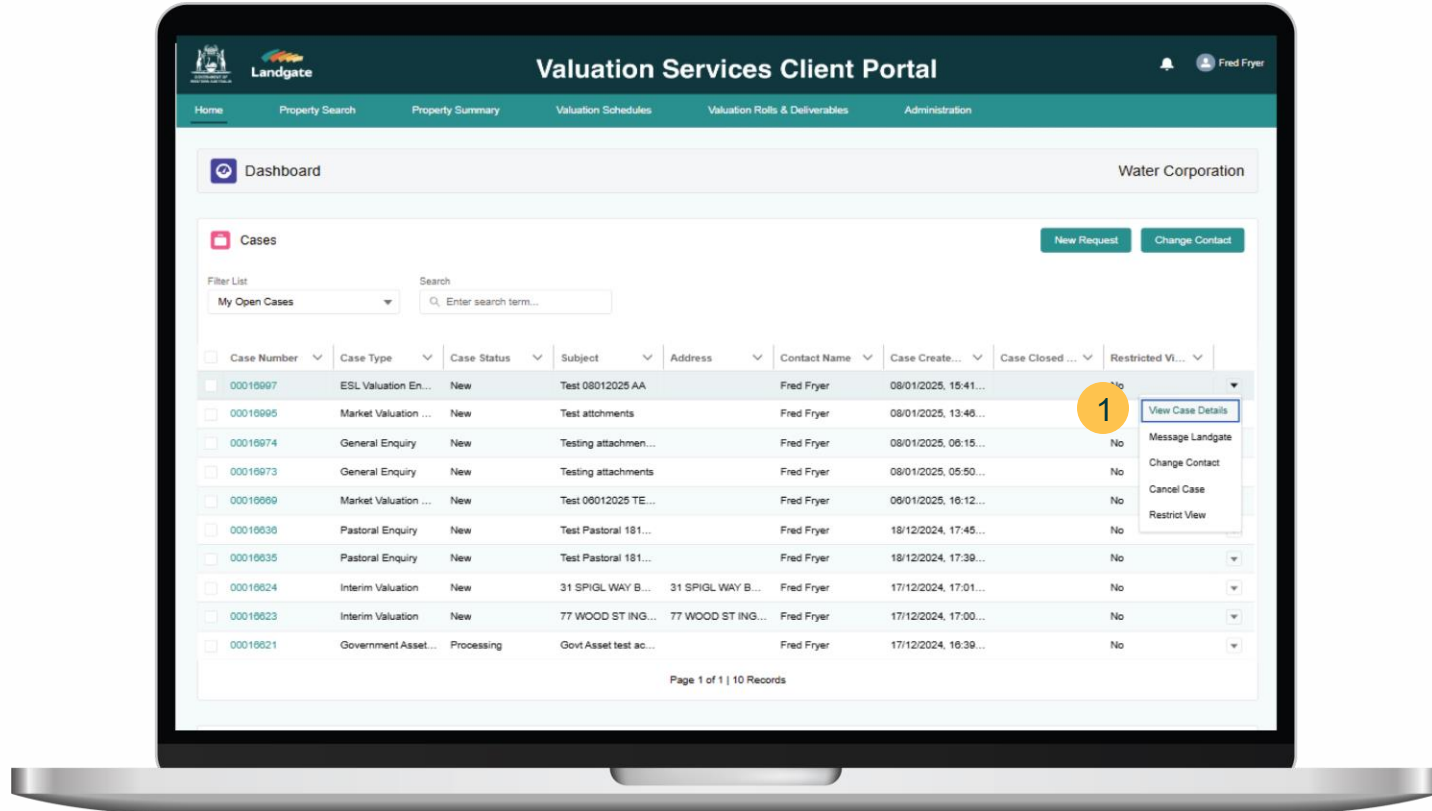

Cases – actions menu

1 On the right side of the case table is an **actions menu**. The actions that can be taken for a case are:

- View case details (users can also click on the Case Number link)
- Message Landgate
- Change the contact
- Cancel the case
- Restrict the case view

Cases – view case details

Selecting **View Case Details** or clicking on a case number will launch the case details. Current details are on the dashboard.

- 1 The information shown under **Request Details** is at the point in time when the request was submitted. Attachments provided will be displayed under the **Files** tab.
- 2
- 3 **Property Information** tab will show the details of the associated property.
- 4 **Communications** tab will show messages between the agency and Landgate associated with the case.

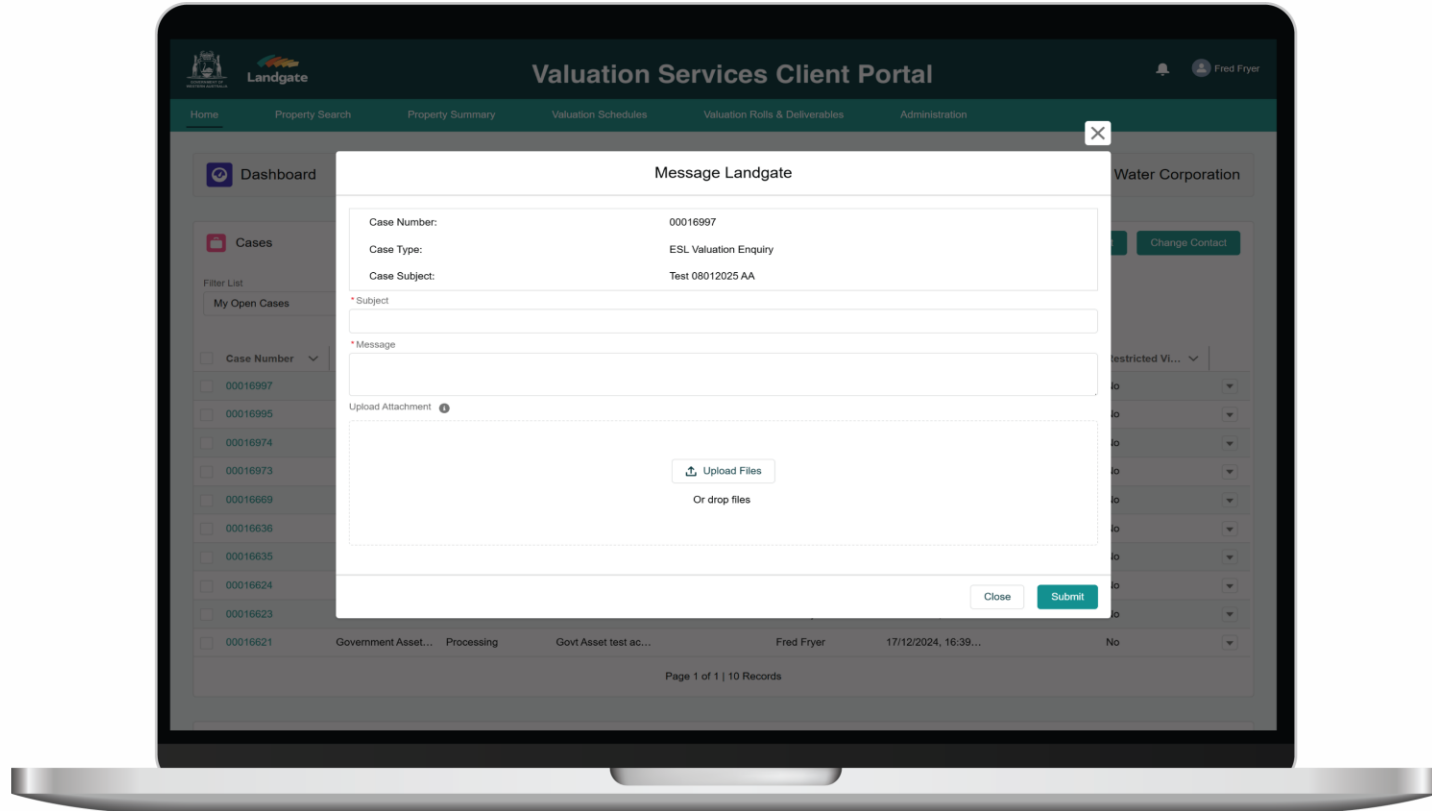

Cases – message Landgate

For open cases, users can message Landgate within the context of a case, by selecting this item in the action menu, completing the form and clicking Submit. Files can be attached with the message.

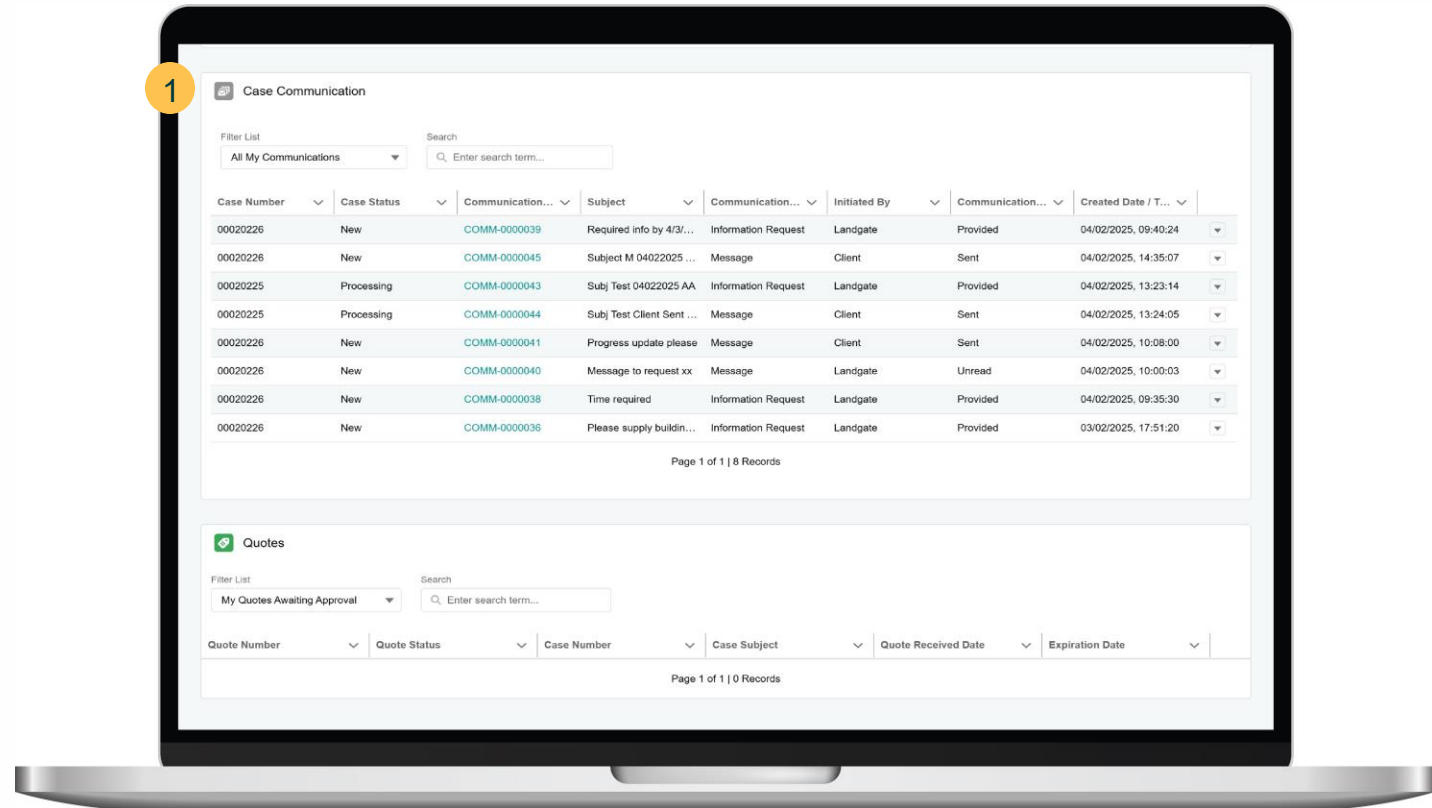

The case owner at Landgate will directly receive the message and reply/action as required.

Cases – view messages

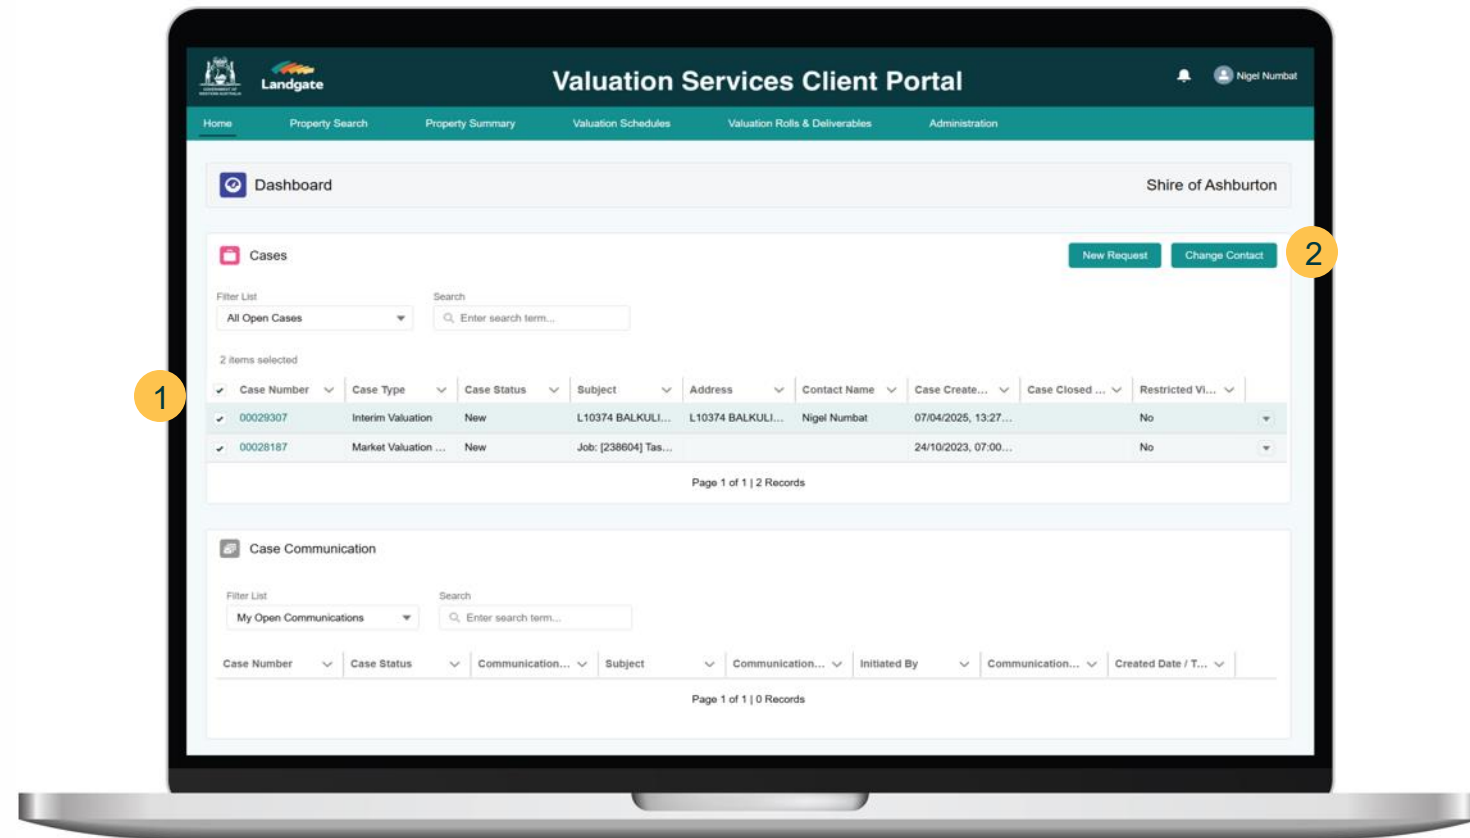

- 1 Sent and received messages will be visible in the **Case Communication** section of the Dashboard.

Cases – change contact

- 1 Select cases
- 2 Click the Change Contact button to update the contact for multiple cases.

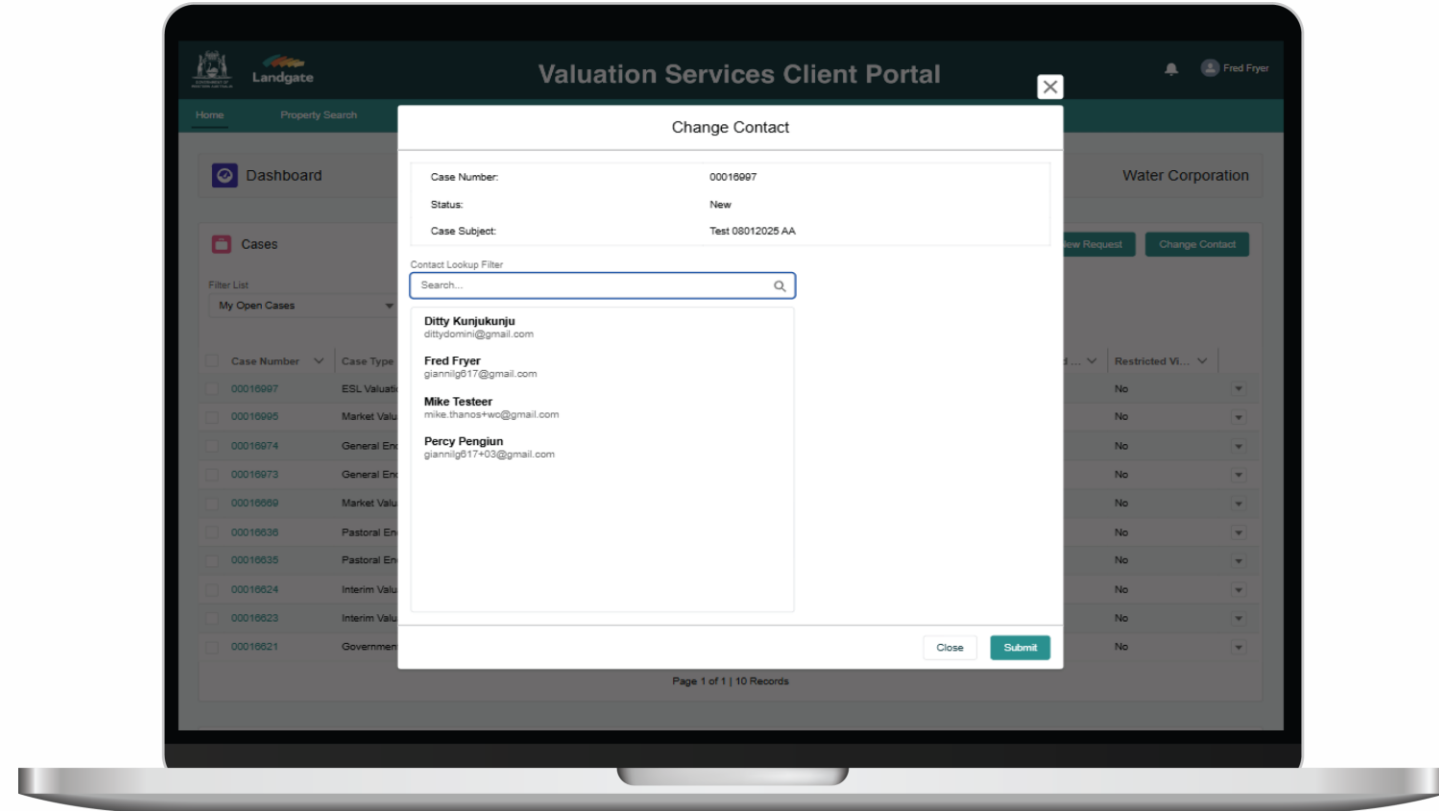

Value

Cases – change contact (cont.)

Search and select a new contact.
The search will only provide registered users in your organisation.

Reassigning a case to a new contact will ensure that:

- messages are received from Landgate by an active user; and
- the user can follow the progress of the case.

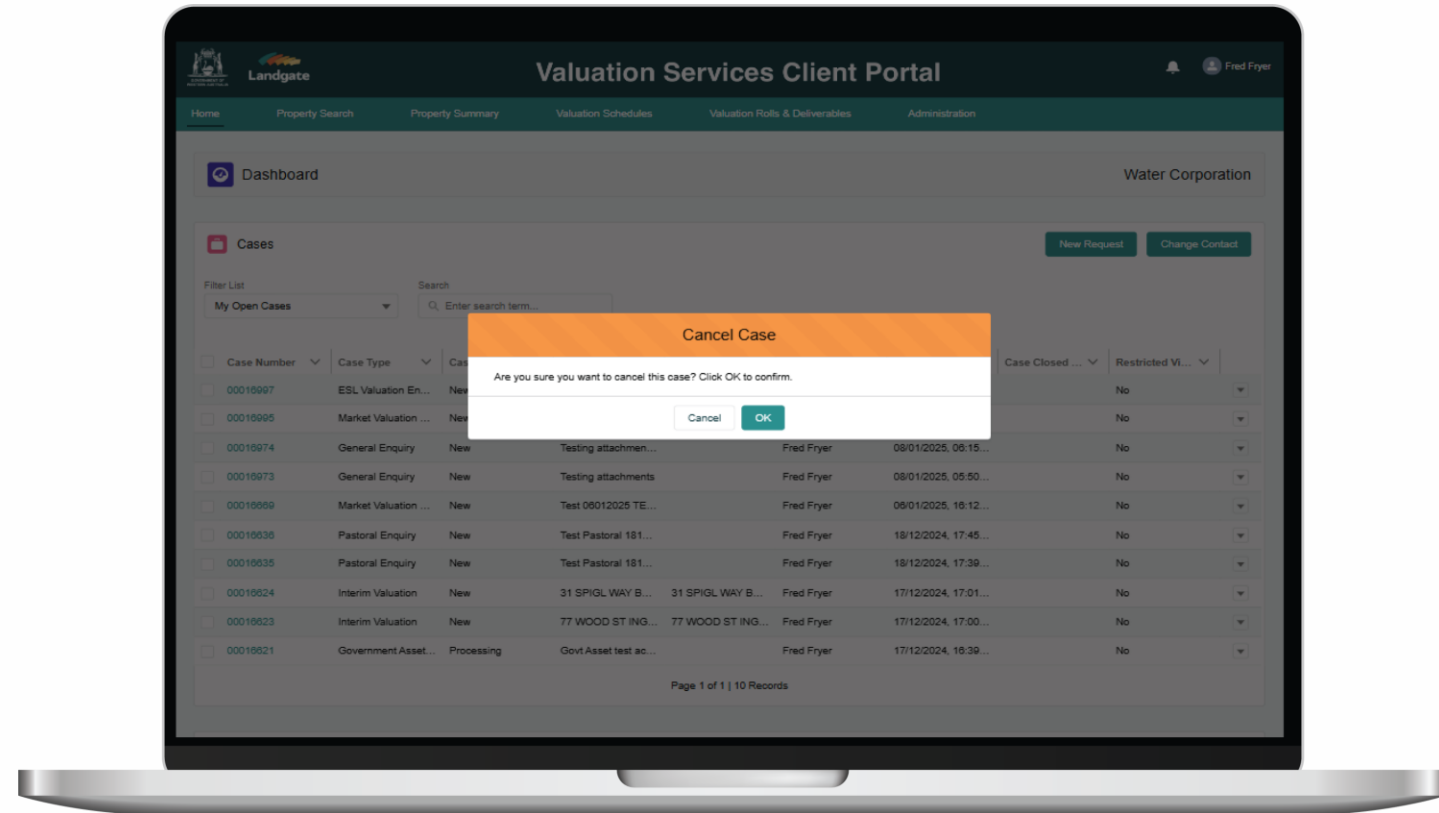

Cases – cancel a case

Selecting the **Cancel Case** action will ask for confirmation from the user.

Cancel Case is only available when the case status is New. However, if the case has been progressed by Landgate, the Cancel Case option may not be accessible. In such instances, use the Message Landgate action to request cancellation of the case.

Cases – restrict case view

Selecting **Restrict View** action, will allow users to restrict who can view the case. This will change the visibility of the case so that only the case contact and administrators can see the case in the dashboard.

User will be prompted to proceed with this action.

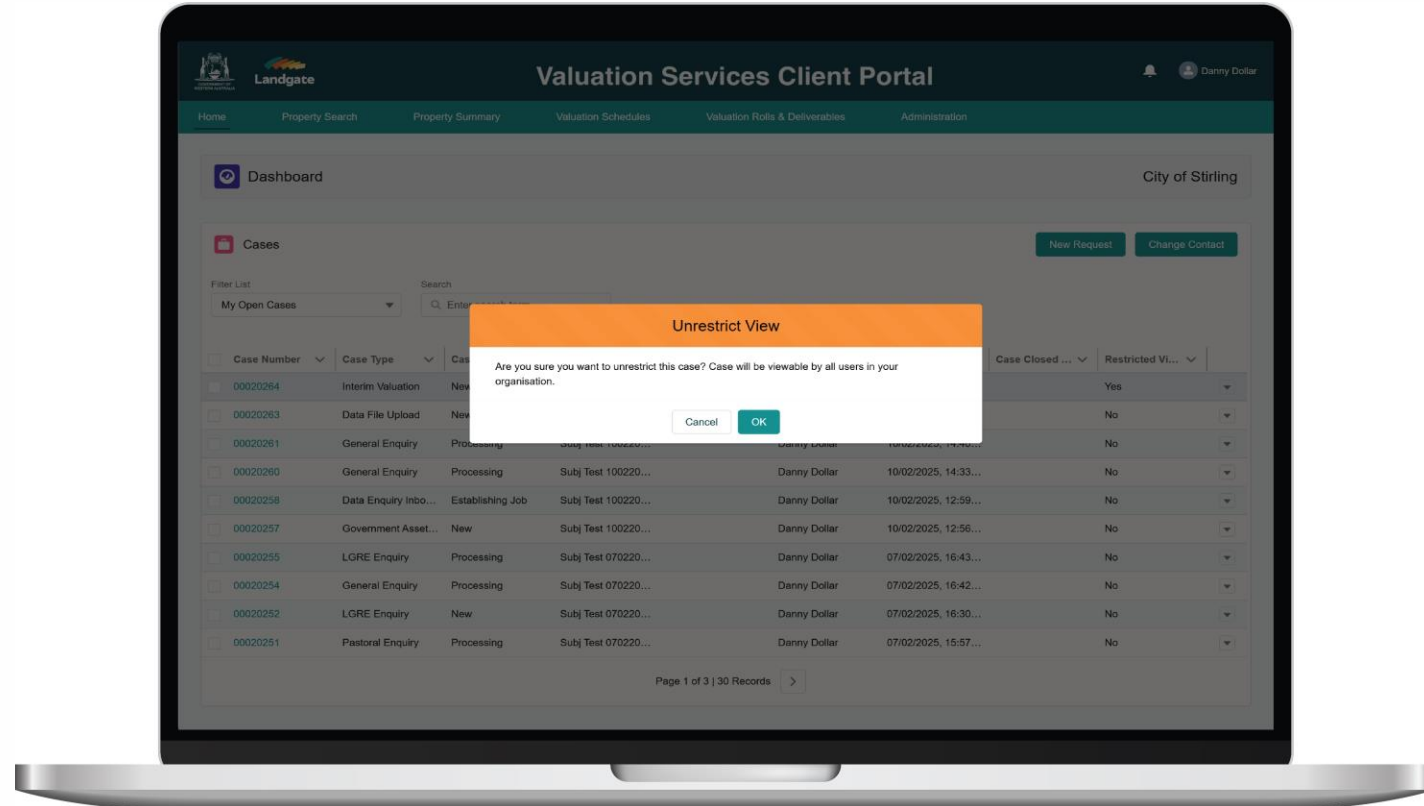

Cases – unrestrict case view

Selecting **Unrestrict View** action will remove the restriction on the case to allow it to be visible to all in the organisation.

This action can be completed by the case contact or administrators. User will be prompted to proceed with this action.

Case Communication

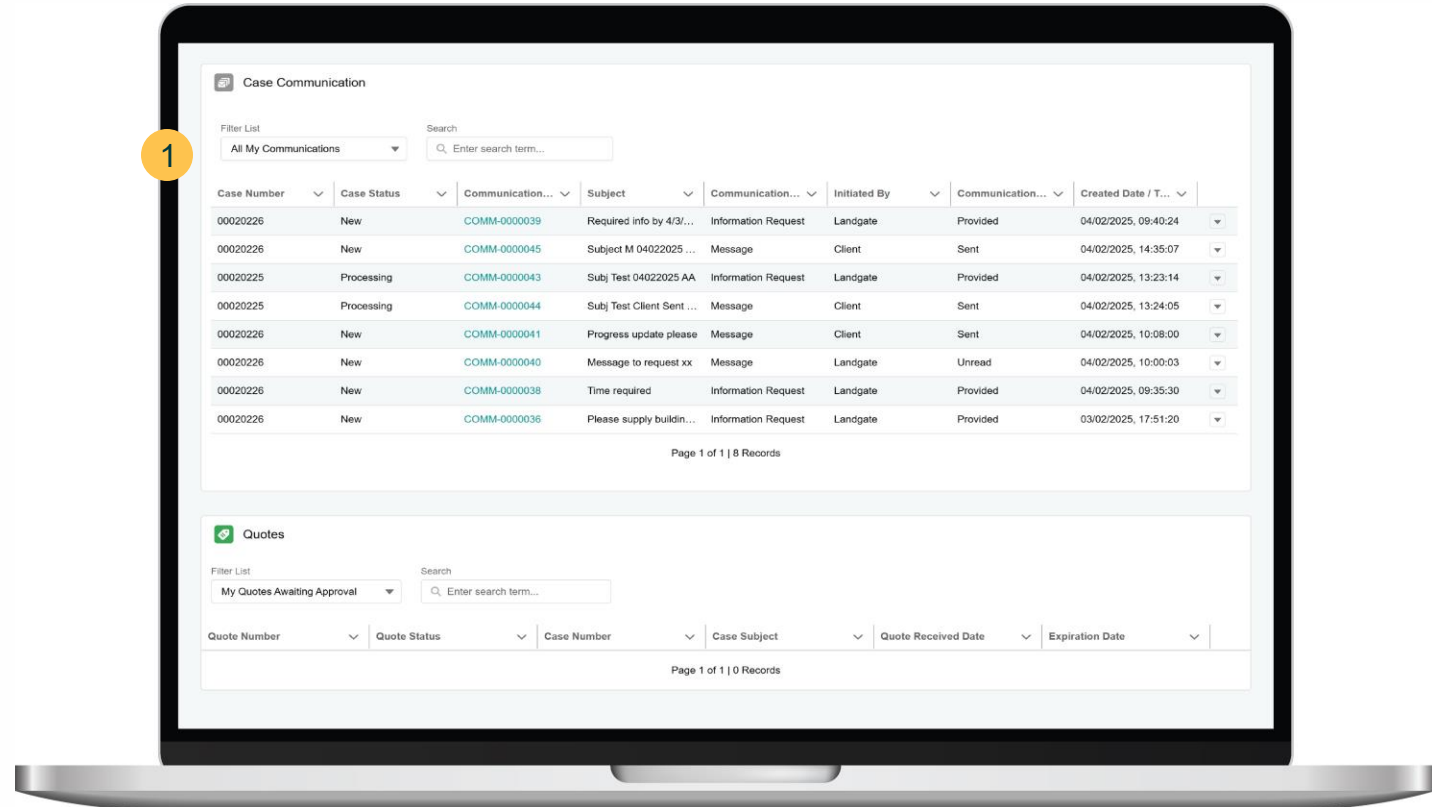

There are two categories for communication:

Messages. General communications between the Client and Landgate as the preferred method to email/phone channels.

Information Requests. Landgate requests the client to provide specific information or artefacts in relation to a case. The case may be placed on hold while awaiting for the information.

- 1 Communications sent and received will be visible in the Case Communication section. Filter lists and search function are available to locate a case. The list will default to “My Open Communications”

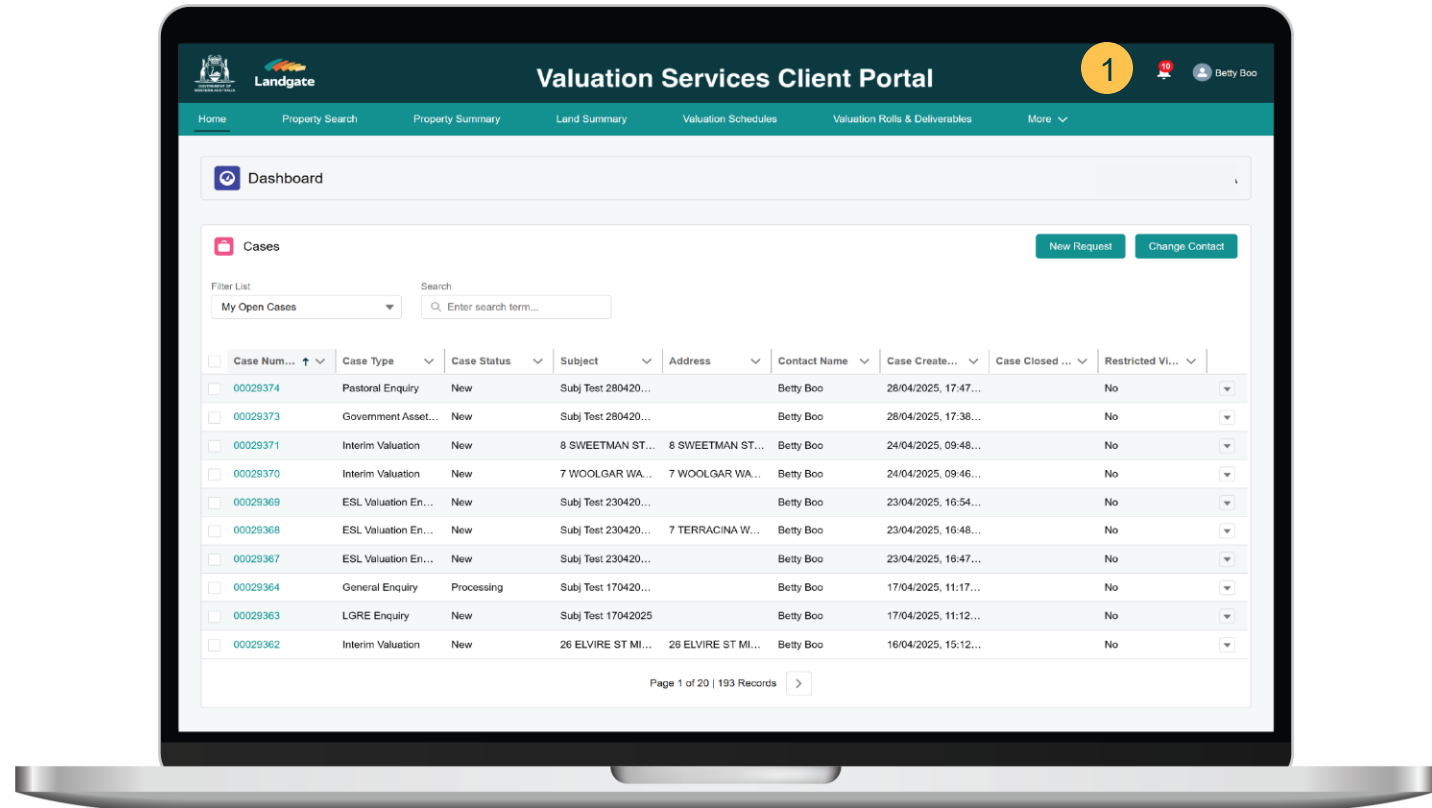

The case contact will receive an email notification when a message or information request has been received from Landgate.

Case Communication

- 1 Communications received will also be displayed in the notifications (bell icon) at the top right corner of the dashboard.

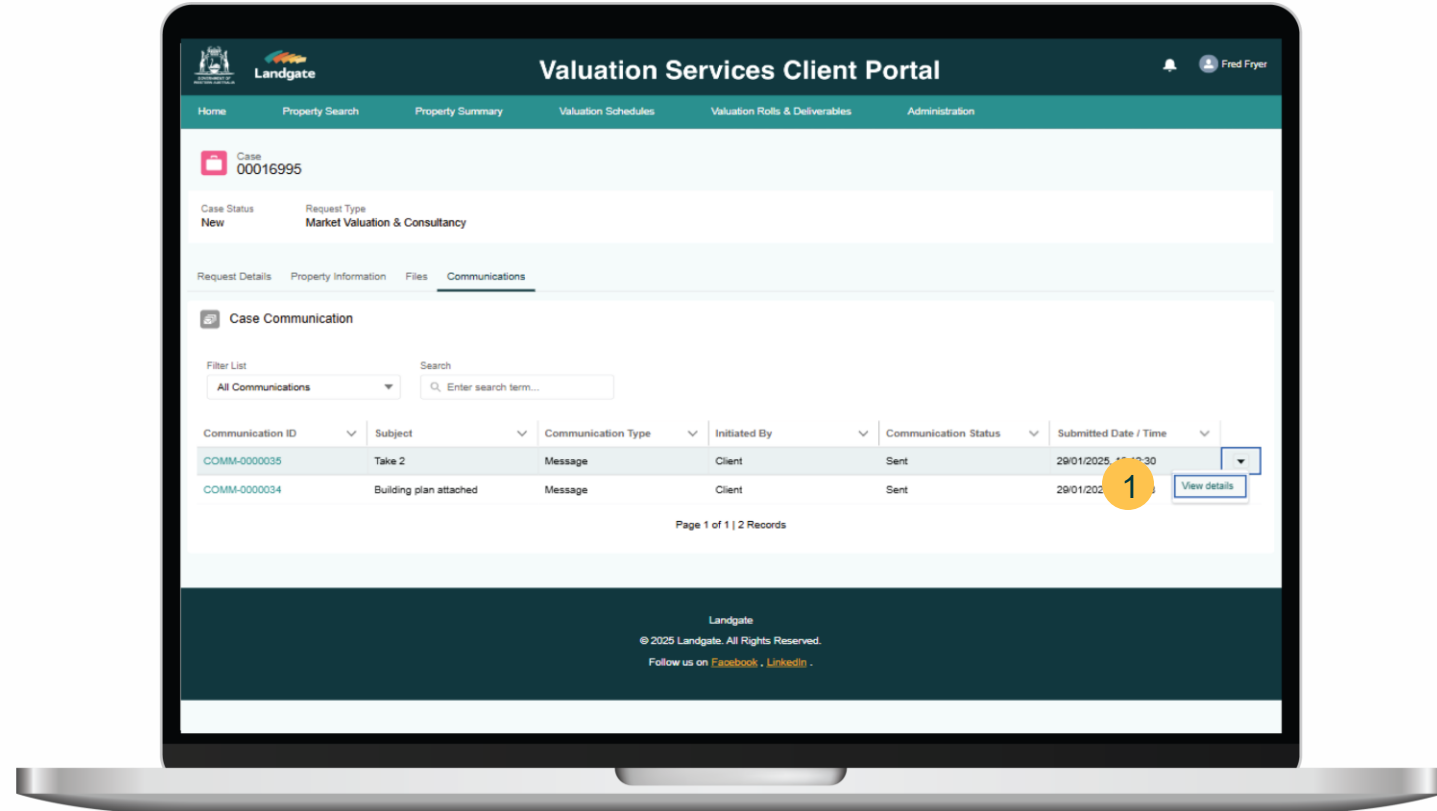

Value

Case Communication – view details

1 In the Case Communication list, is an action menu to **view the communication details**, including attachments. This action is available for all communication types:

- messages received from Landgate
- messages sent to Landgate
- information requests received from Landgate

When a contact has been updated for a case, all communications (open and closed on the case) can be viewed and require action (if needed) by the new contact in the Case Communication list.

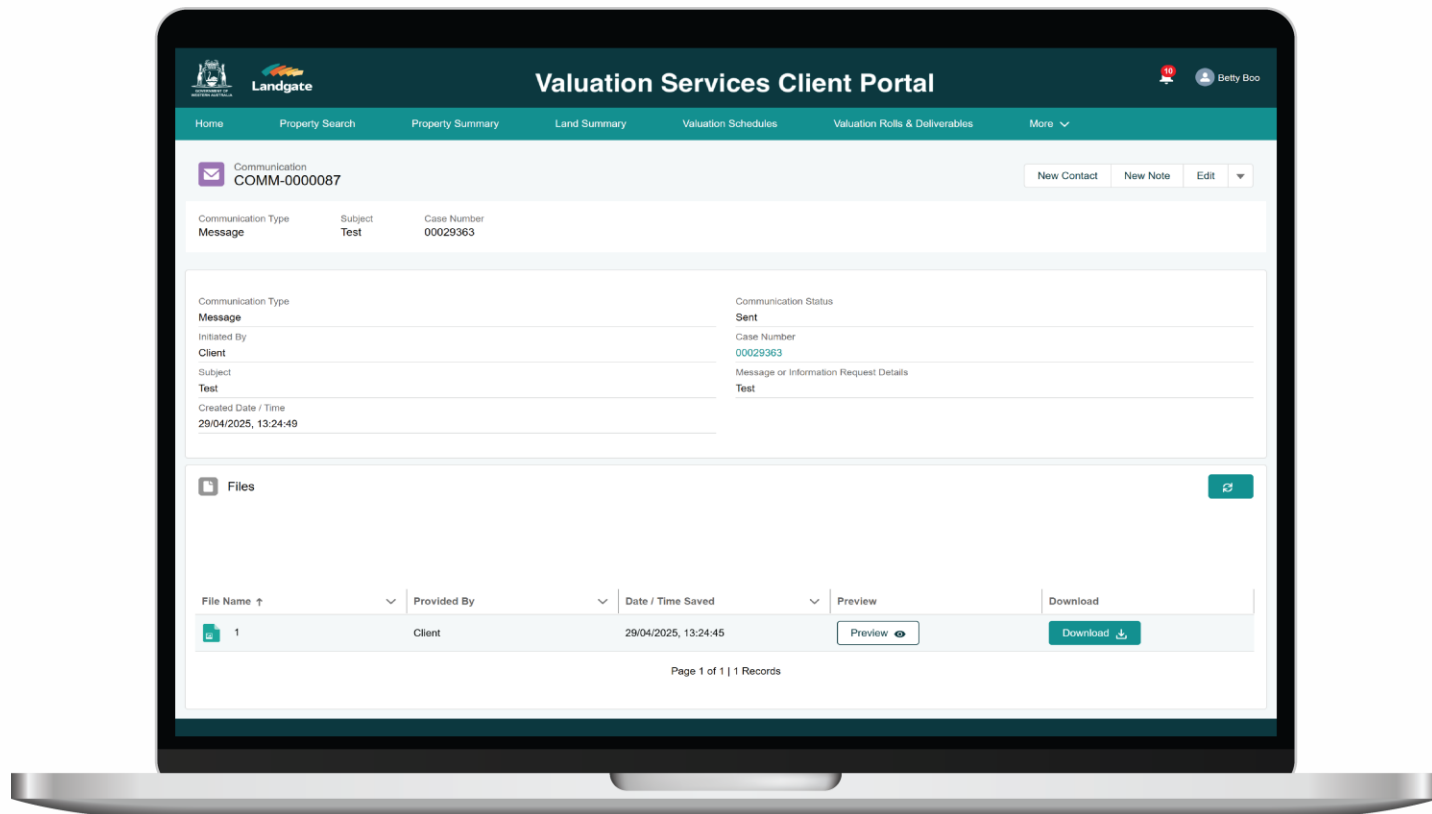

Case Communication – view details

On clicking View Details for a message or information request from the Case Communication list, the full message will be displayed.

Any attachments included with the message will also be viewable.

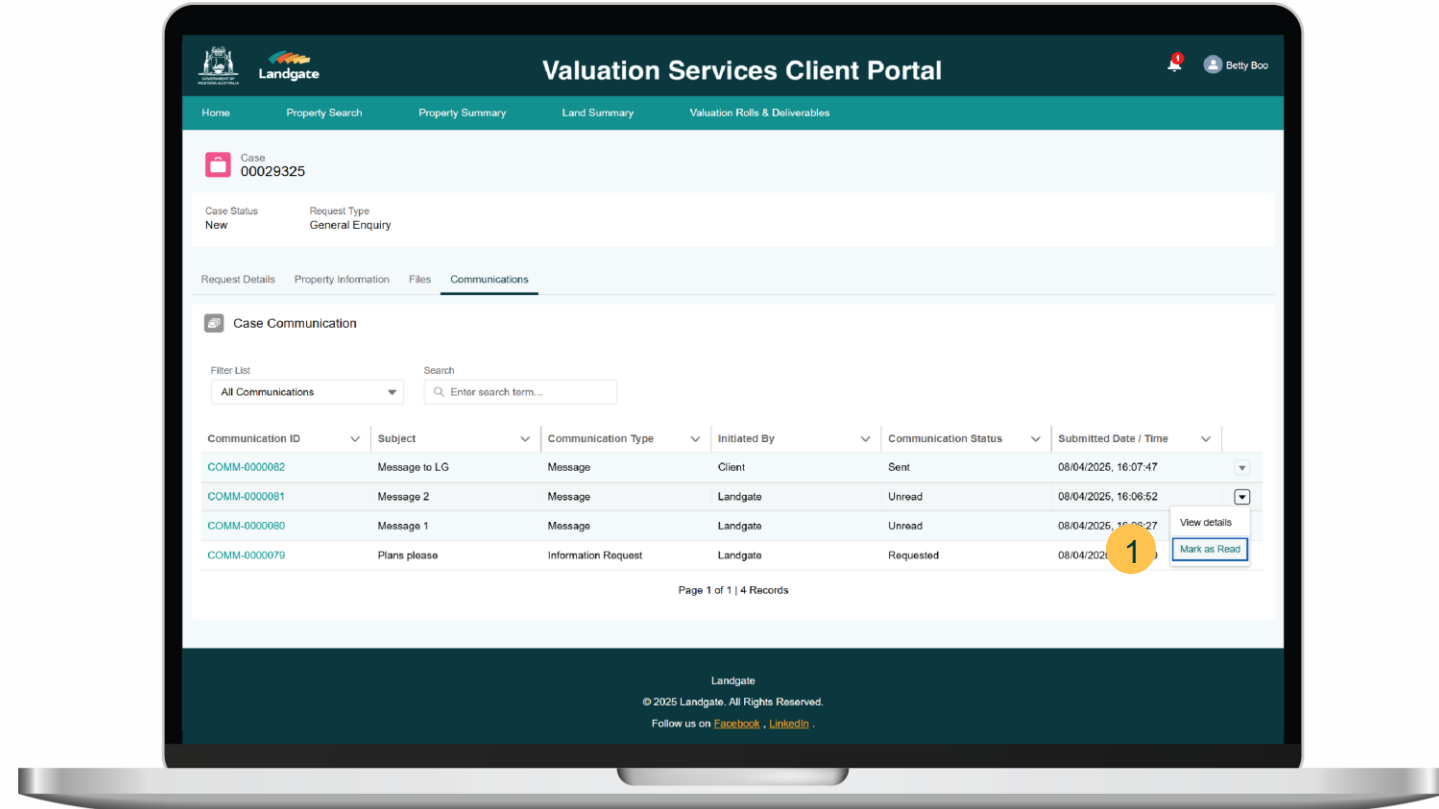

Value

Case Communication – message received

- 1 When a message is received from Landgate and has been read, the case contact can mark the communication as “Mark as Read”.

This moves the message to the Closed Communications list. This way the user by default only sees what is outstanding in the Open Communications list.

Case Communication – information request received

- 1 When an information request has been received from Landgate, the status is marked as **Requested**. In the action menu the case contact is use “Reply With Information” to send the requested information to Landgate.

Clicking “View details” will display the full message and attachments.

Case Communication – reply to information request

- 1 On clicking “Reply With Information” to an information request, a prompt will appear to enter the message and attachments (if needed) to be sent to Landgate.

On **Submit**, the status will update to **Provided**. This action will also move the information request to the Closed Communications list. This way the user by default only sees what is outstanding in the Open Communications list.

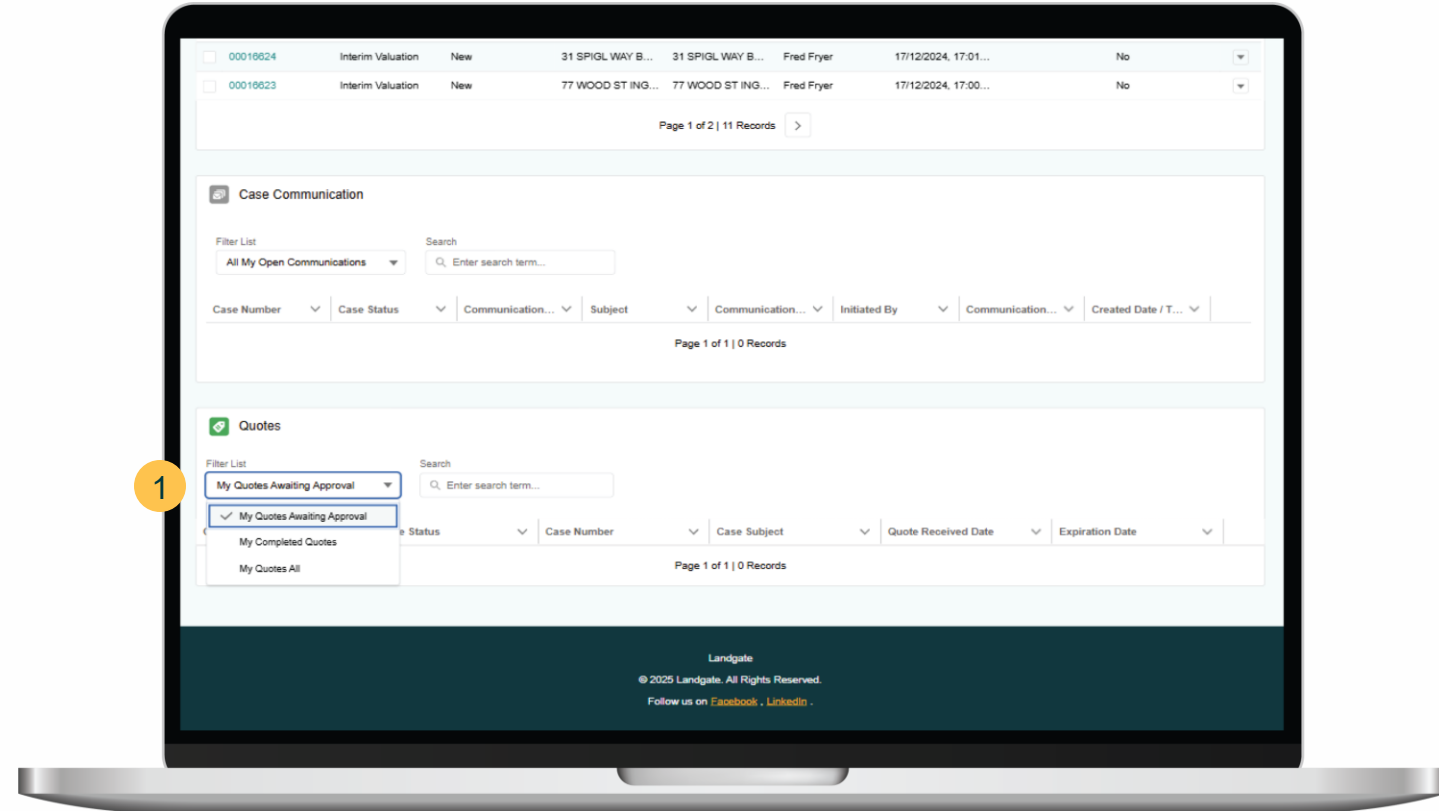

Quotes

- 1 Quotes received from Landgate will appear in the Quotes list. The list with default to “My Quotes Awaiting Approval”.

Filter lists and search function are available to locate a quote.

Only the case contact can view a quote on a case. The case will need to be reassigned to new case contact for the quote to be viewable by that person.

When a contact has been updated for a case, all quotes (outstanding and completed on the case) can be viewed and require action (if needed) by the new contact in the Quotes list.

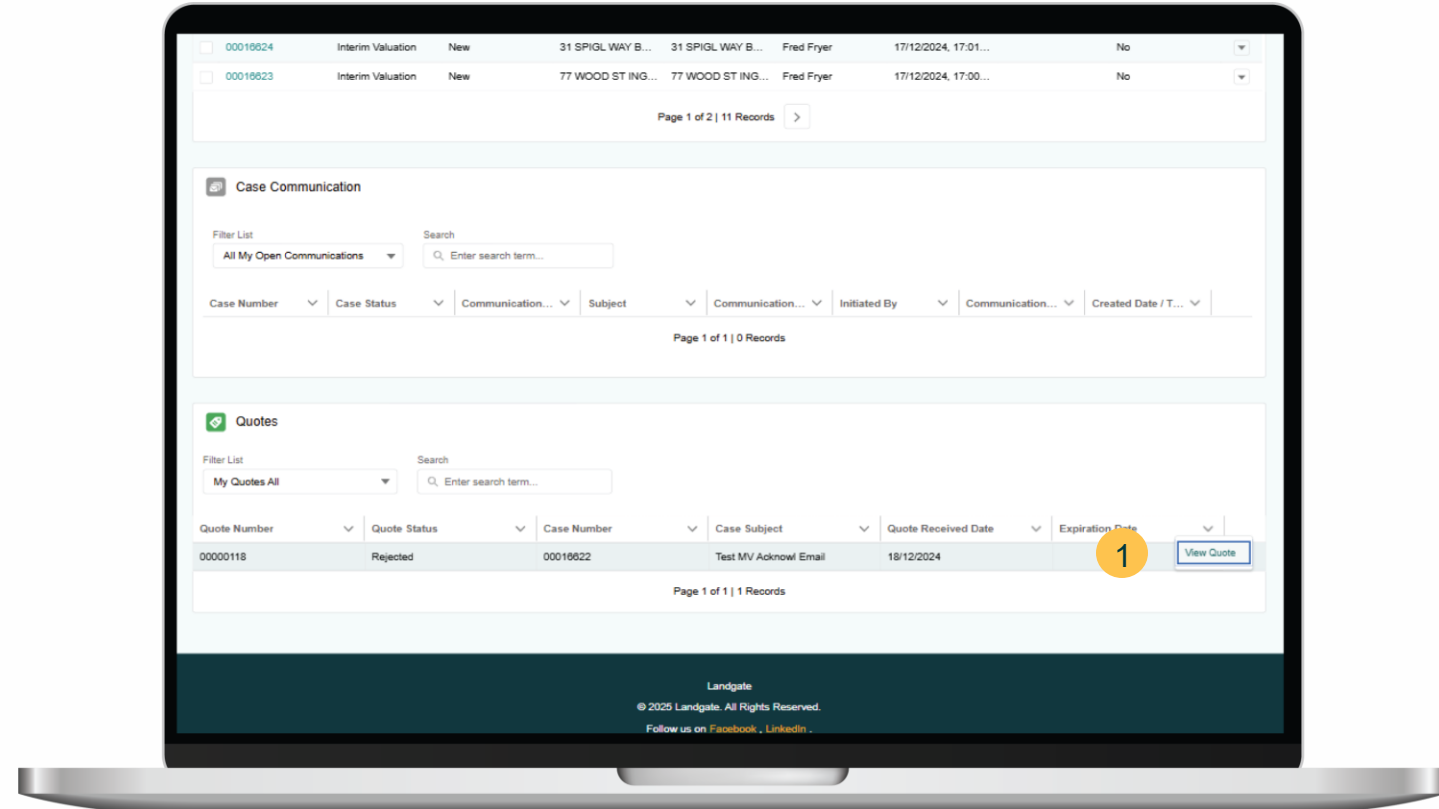

Quotes – view details

- 1 From the Quotes list, the case contact can view full details of the quote by clicking “View Quote” to preview the quote document.

This action is available for outstanding and completed quotes.

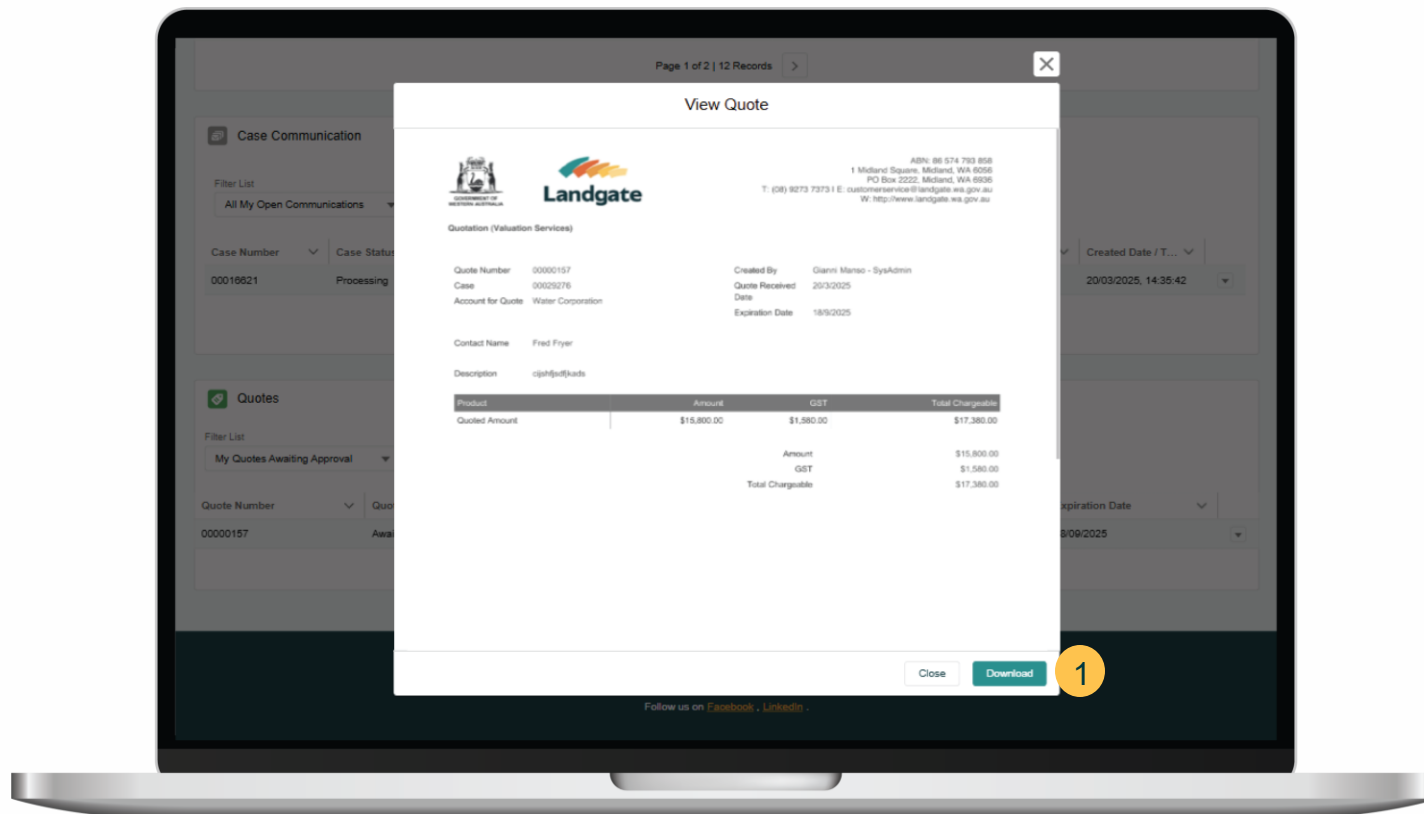

Value

Quotes – download document

Viewing the quote will display a preview of the quote document.

- 1 Click on “Download” to save a PDF formatted quote to the local drive.

Quotes – complete action

- 1 From the Quotes list, the case contact can complete the action to approve or reject the quote.

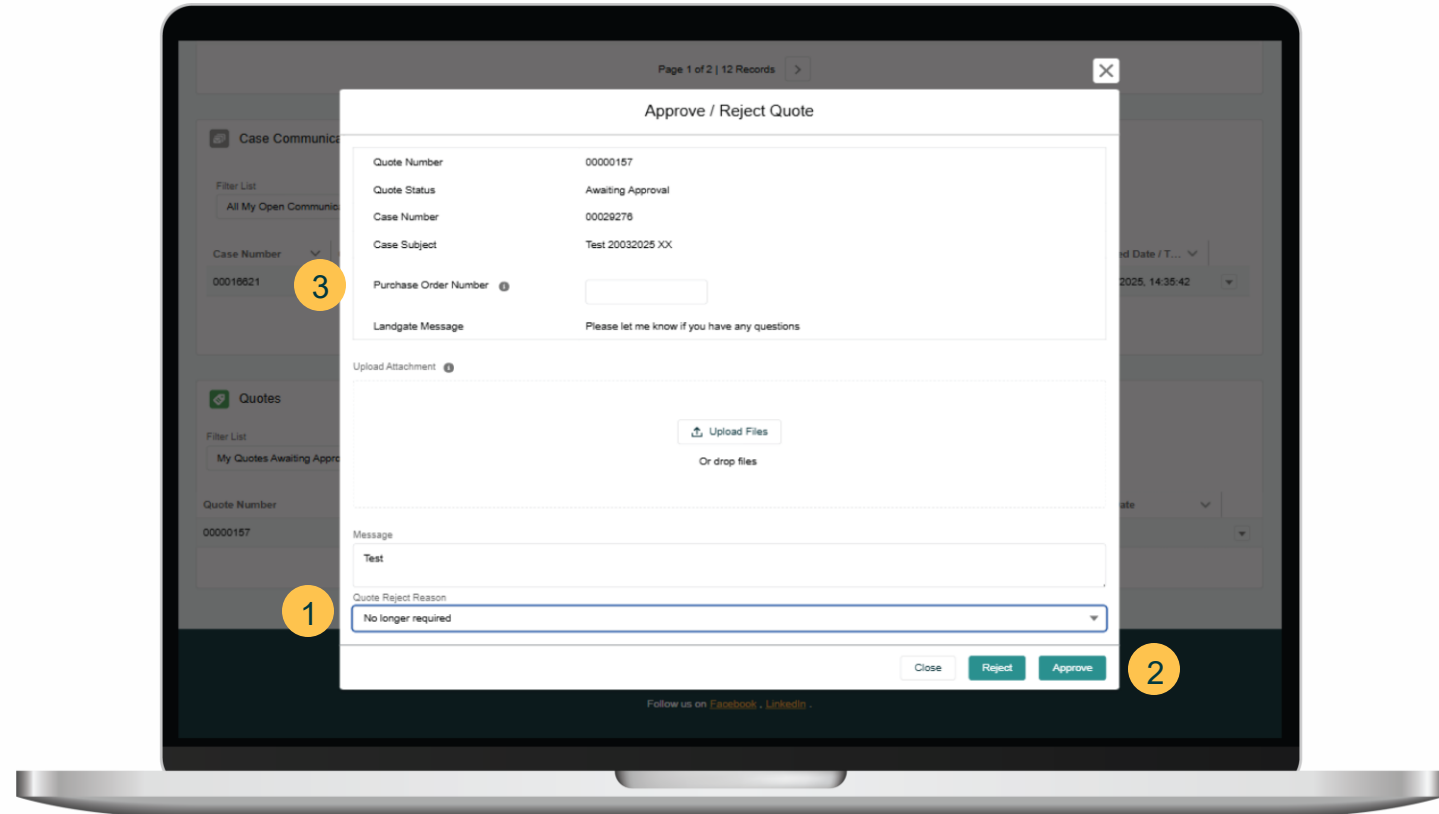

This action is no longer available if the quote has expired. A quote will expire in 182 days (approx. 6 months). Once expired, the quote will be moved to “My Completed Quotes” with a status of Expired.

Quotes – approve/reject

- 1 **Rejecting the quote** will require the user to select a rejection reason. Case will be immediately closed.
- 2 **Approving the quote** will notify Landgate to action the job required. Progress of the case can be followed by monitoring the case status in the Cases list.
- 3 User can provide the purchase order number and any attachment(s) when submitting an approval.

Value

Client Portal - Property Search

Value

Property Search - options

1 Clicking on **Property Search** will provide users the ability to search using:

- Property/Land details
- A map view

Search results returned and information shown will only be for active VENs.

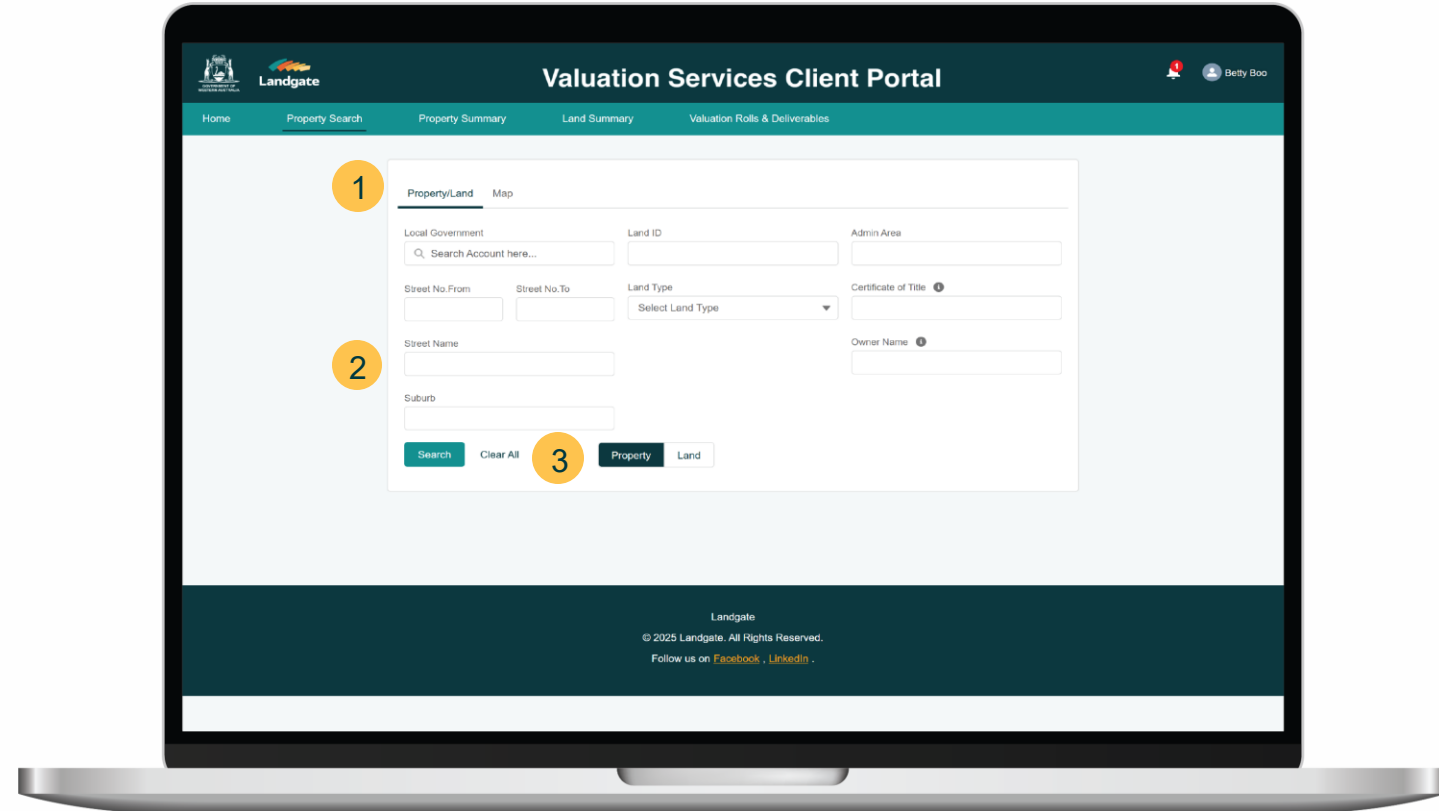

Property Search can also be accessed by users when they have clicked the **Go to Property Search** link when completing a new request form.

The screenshot displays the 'Valuation Services Client Portal' interface. The top navigation bar includes 'Home', 'Property Search', 'Property Summary', 'Valuation Schedules', 'Valuation Rolls & Deliverables', and 'Administration'. The 'Property Search' section is active, showing a form with the following fields: Local Government (Ashburton), Land ID, Admin Area, Street No. From, Street No. To, Land Type (Select Land Type), Certificate of Title, Street Name, Owner Name, Suburb, and Rural Ratepayer Name. A 'Search' button is located at the bottom left of the form, and 'Property' and 'Land' tabs are at the bottom right. A yellow circle with the number '1' is overlaid on the 'Property Search' tab in the navigation bar.

Property/Land search

- 1 Clicking on **Property Search** will default to the Property/Land search form. Users can search for properties using various data specifications.
- 2 When conducting a search on a Street Name, the address is to be entered with the abbreviated street type e.g. Rd or no street type.
- 3 To begin a new query, always click "Clear All".

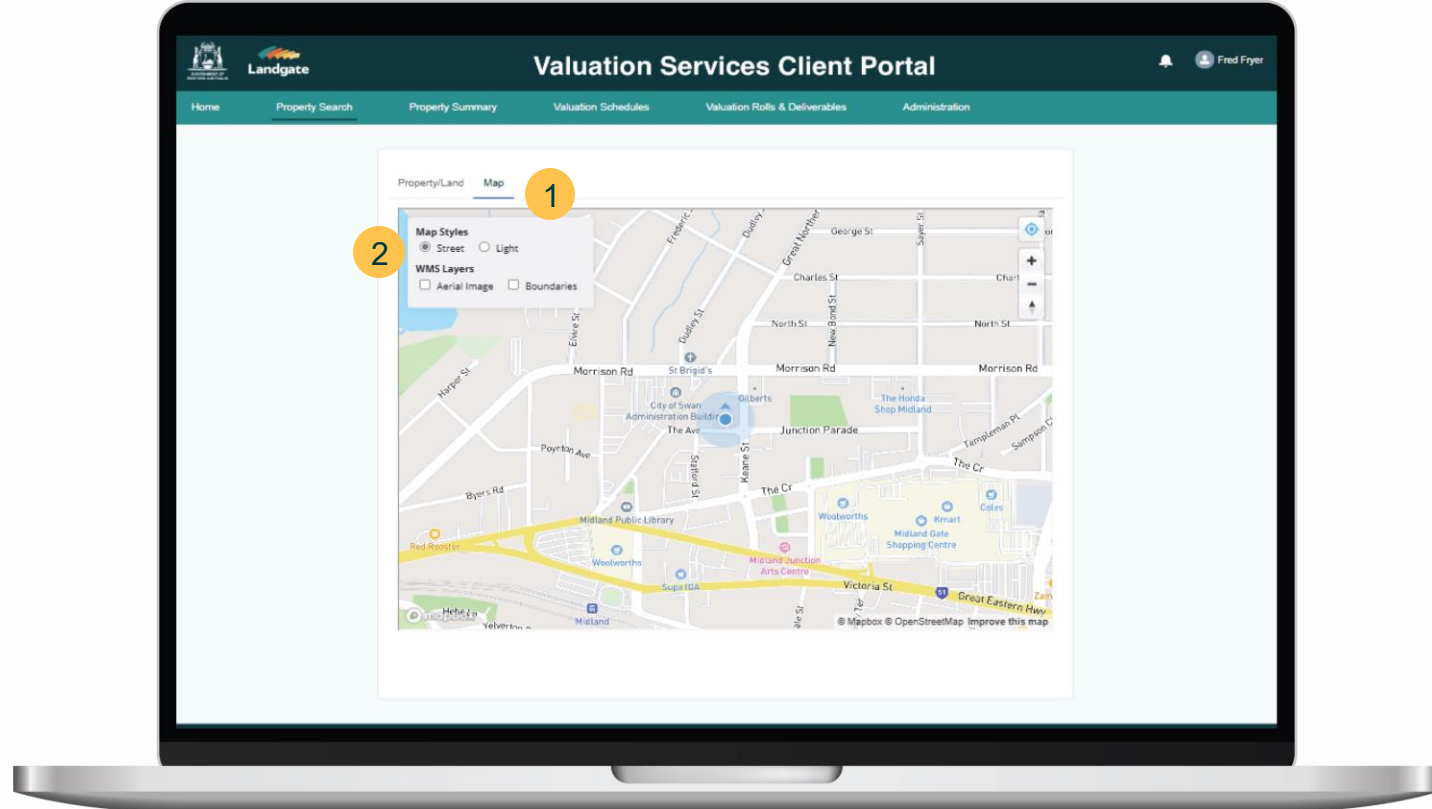

Map search

- 1 Users can search using a **Map**.
Navigate to a location and add a pin to a property.

A list of properties associated with the selected point will be displayed in the search results.

- 2 The map can be configured in the following ways:
 - Map style - Street or Light
 - WMS Layers - Aerial Imagery and/or Cadastre Boundaries (containing street numbers)

Property / Land search results

- 1 Details displayed in search results will differ if Property or Land is toggled on for the search.
 - Property search results will be ordered by VEN
 - Land search results will be ordered by Land ID
- 2 On the right side of the table is the **actions menu**.
 - View Property Details – this will navigate the user to the Property Summary page to show the details of the selected property
 - Create New Request – property details will be populated over to the new request form selected

Value

Client Portal - Property & Land Summary

Property Summary - address/VEN search

- 1 At the top of the **Property Summary** is the quick navigation feature.

Users will be able to enter a VEN or address to suggest matched results. Only active VENs will be returned. On selecting the relevant property, the property details will be displayed on the same page.

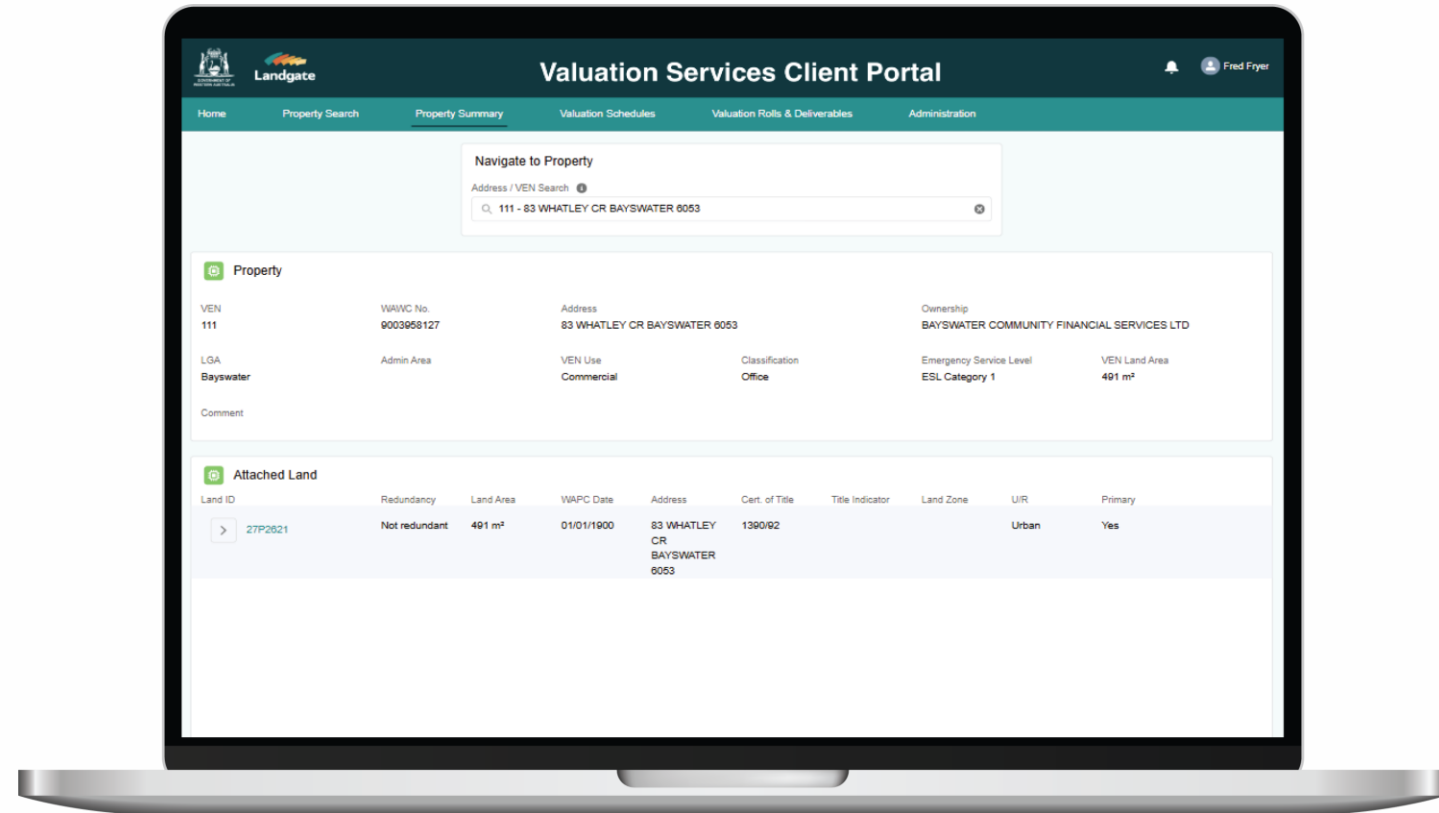

Property Summary - page structure

The following information sections will be displayed to users once a property has been selected from the search results:

- Property details
- Sub VENs
- Attached Land details
- Valuation Summary details

Access to certain data may have the following dependencies:

- No data is available or is restricted for the specified field
- Data may be restricted due to certain business rules or criteria not being satisfied

Property Summary – property details & Sub VENs

- 1 Details of the property are displayed.
- 2 Each row represents a Sub VEN

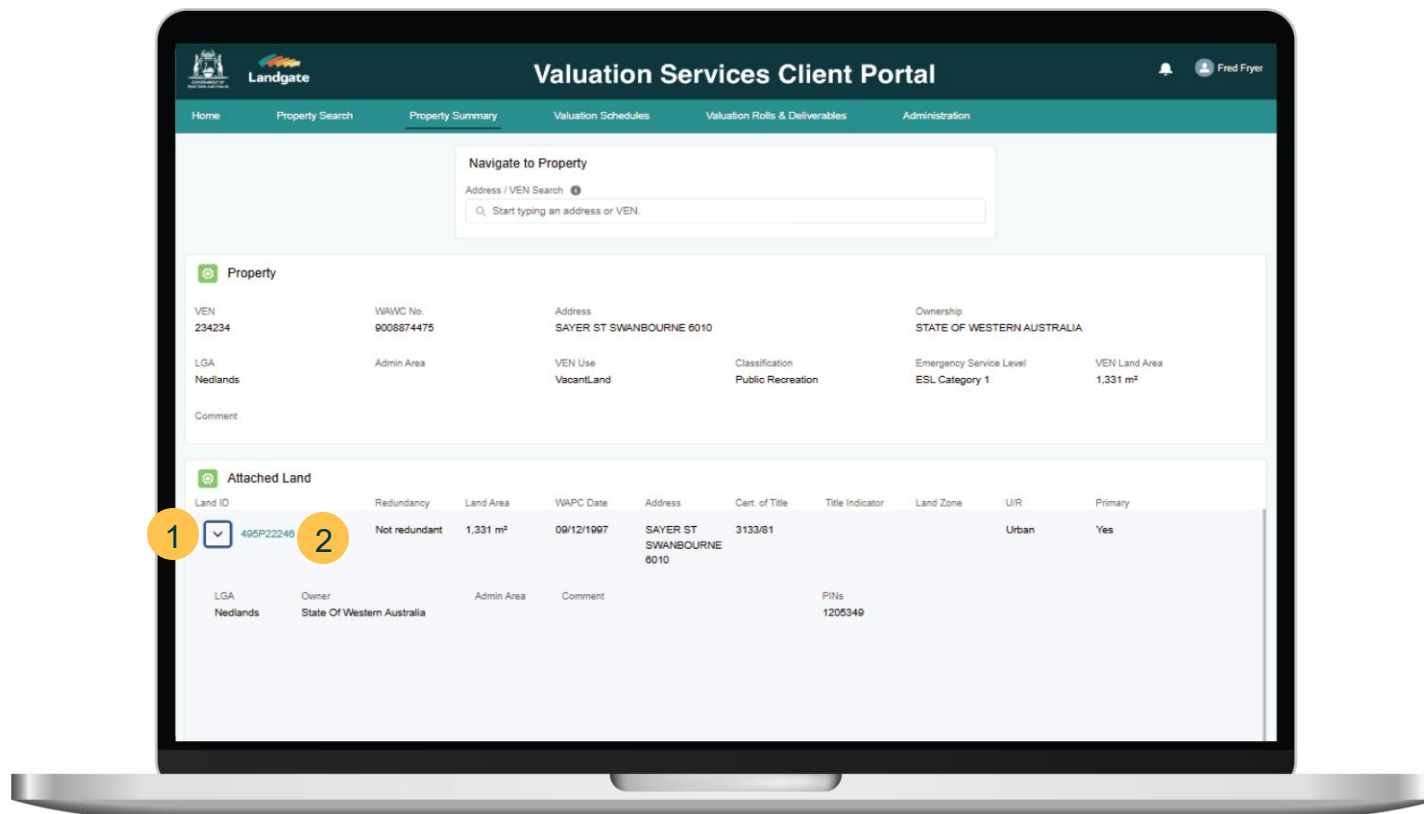

The screenshot displays the 'Valuation Services Client Portal' interface. At the top, there's a navigation bar with 'Home', 'Property Search', 'Property Summary' (active), 'Land Summary', and 'Valuation Rolls & Deliverables'. A search bar labeled 'Navigate to Property' contains the text '364 - 1 HATTON ST NORTHAM 6401'. Below this, the 'Property' section (marked with a yellow circle '1') shows details for VEN 364, including WAPC No. 9007894917, Address 1 HATTON ST NORTHAM 6401, Ownership MK COMMERCIAL PTY LTD, LGA Northam, Admin Area NORTHAM, VEN Use Residential, Classification House Flats, Emergency Service Level ESL Category 4, and VEN Land Area 3,918 m². A comment section below states: 'SEE EDIT COMMENTS - GRV QUERY OLD RAIL BARRACKS - 23/9/2015 - 4 Flats - rent \$150 pwk each. T/Frame & Tiles. Each flat uses communal facilities. Cottage-self contained. B/G Pool shared with other tenants. 4 flats added 2022-- \$280 / week rent...on REIWA'. The 'Attached Land' section (marked with a yellow circle '2') contains a table with one row of data.

Land ID	Redundancy	Land Area	WAPC Date	Address	Cert. of Title	Title Indicator	Land Zone	UIR	Primary
> 50D12234	Not redundant	3,918 m²	01/01/1900	1 HATTON ST NORTHAM 6401	2132/974	Certificate of Title	Low Density Res	Urban	Yes

Property Summary – attached land

- 1 Attached lands can be expanded to display additional detail, such as land ownership, PINs and other information.
- 2 Clicking on the Land ID will take the user to the Land Summary page where the Originating, Resultant or Associated Land details will be displayed.

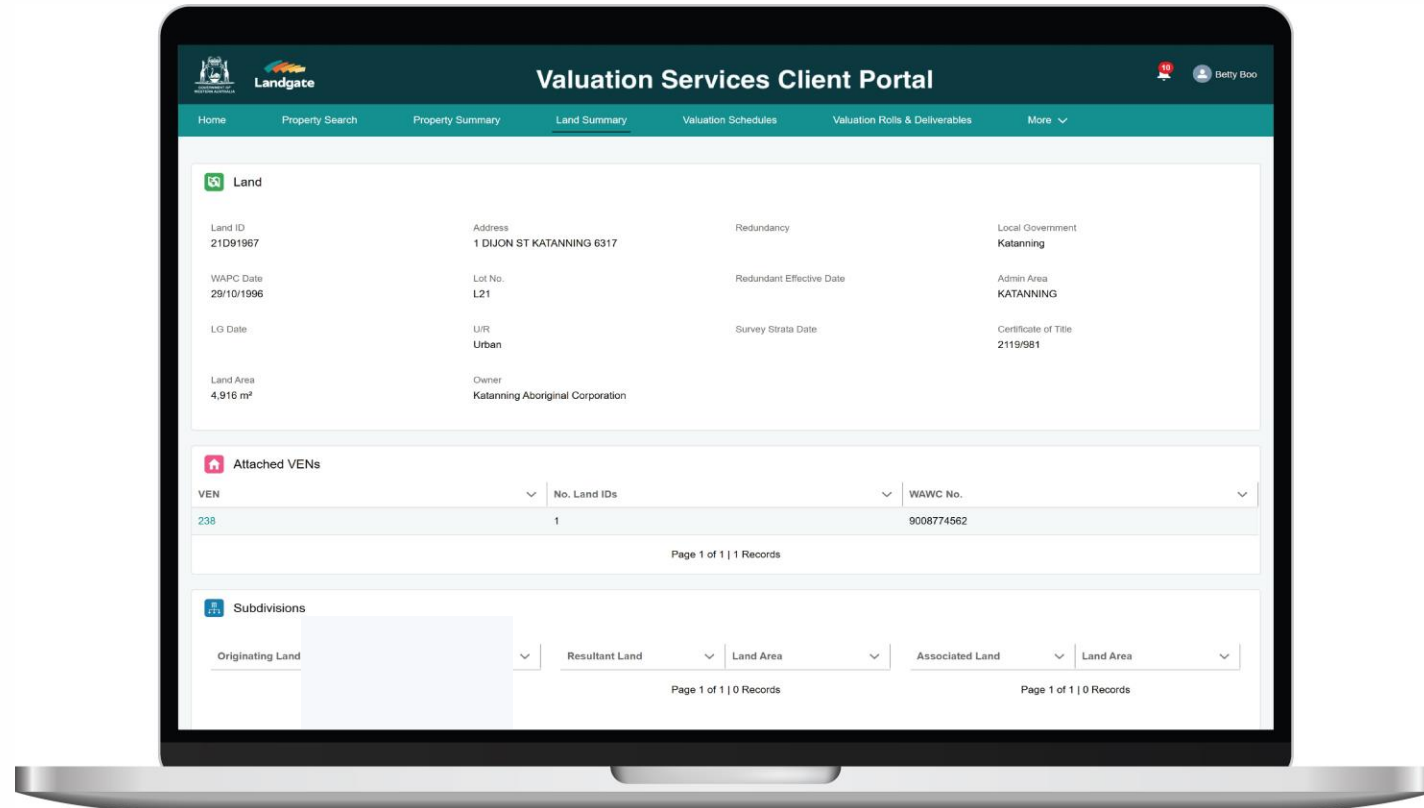

Property Summary – land summary

The following information sections will be displayed to users for a selected land:

- Land details
- Attached VEN details
- Subdivision details – originating, resultant and associated land information
- Associated VENs

Property Summary - valuation summary

- 1 The **Valuation Summary** section will only display if the agency that the user is associated with is subscribed to the VEN as a client. Only Rating & Taxing GRV values will display.

Client Portal – Valuation Rolls and Other Deliverables

Valuation Rolls & Other Deliverables

- 1 Users can view the list of files uploaded by Landgate for their agency relating to Valuation Rolls and other 'Valuation Services' deliverables.
- 2 Files are categorised by a deliverable type. User can filter on a deliverable type to find a specific file.
- 3 Files can be downloaded by selecting the download button.

Users will receive a notification when a deliverable has been uploaded by Landgate, as long as they have updated their profile to receive these notifications.

Files are archived and no longer viewable online 6 months from the date saved.

Client Portal

AqWest – Bunbury Water Board
Administrator Users Only

Locate

Value

Secure

Enable

Value

Administrators – Self-Management of User Profiles

The Role of an Administrator

The role of an administrator is to assist with user access and management for individuals within their agency who require access to the Valuation Services Client Portal. Any actions taken by the administrator are implemented instantly, ensuring both security and efficiency.

Administrative capabilities include:

- Registering and deactivating users
- Updating user profiles and access permissions
- Resetting user passwords and reactivating accounts
- Performing other key administrative tasks to support portal use

Note: Generally, all users can update their own profile, reset their own password or reactivate their account

Number of Administrators

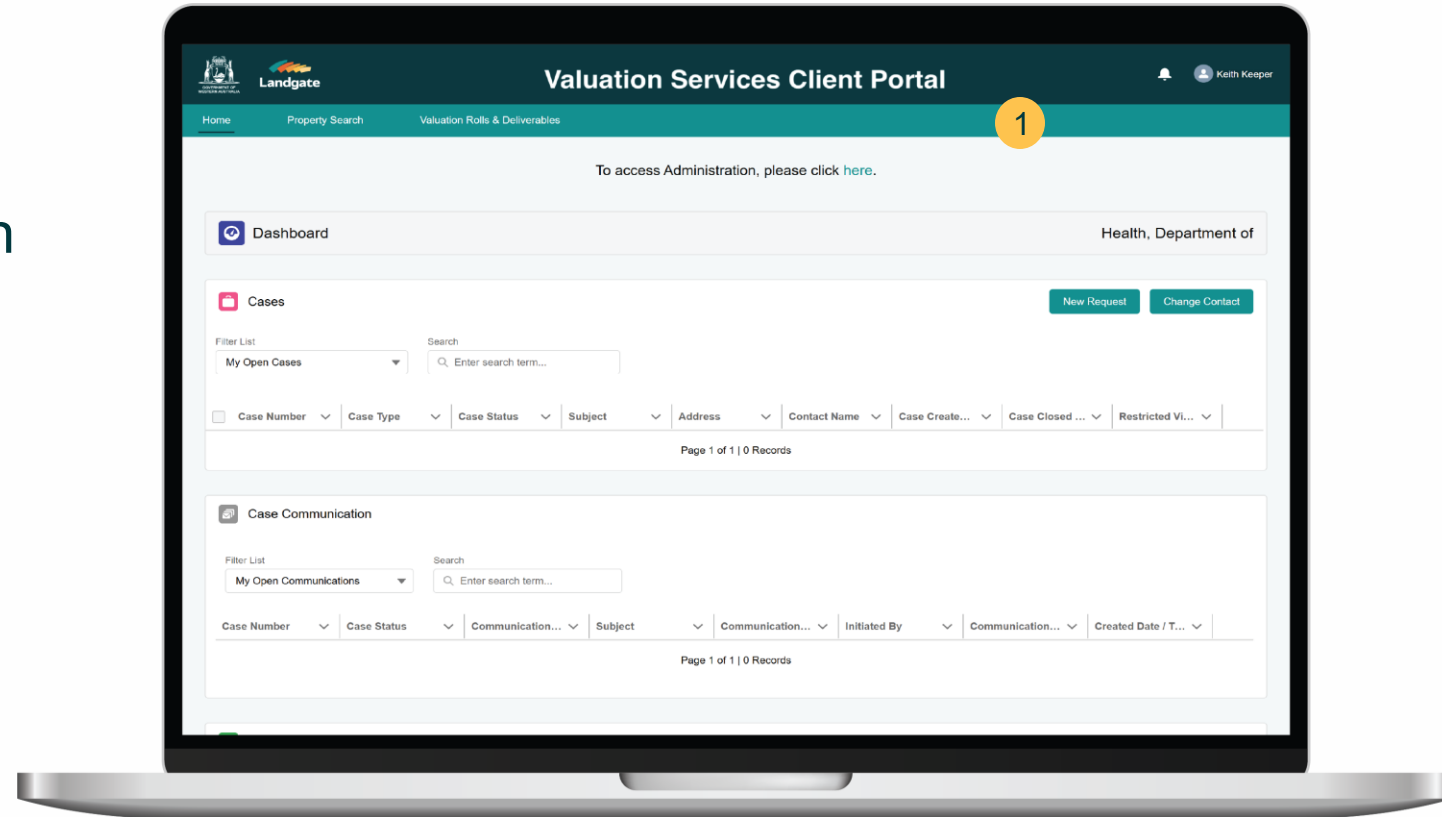

Each agency must maintain **at least two administrators**. You should also consider having administrators that can support specific departments/business teams.

This ensures continuity—if one administrator is unavailable (e.g. due to leave or illness), the other administrators can support users with any required actions, to ensure account access is maintained and up-to-date for your agency.

Accessing Client Portal as an Administrator

- 1 Users that have the role of an Administrator will have an **Administration** option. Clicking on the link will open Administration dashboard.

Administration – dashboard

Administrator dashboard displays:

- 1 • Active users in the agency
- Inactive Users in the agency
- 2 Inactive Users have had their account deactivated:
 - due to their account being inactive for 90 days; or
 - by an administrator at the agency or Landgate

Users are prompted at 75 days to maintain their account to ensure their account is not deactivated. Users can also reactivate their own account.

Administration - create a new user

- 1 In the Administration dashboard, click **Add New User** which will launch a pop up form.

Administration - create a new user

Administrator enters the details of the new account user.

- 1 The email domain must match the user's organisation. External email addresses, shared mailboxes and distribution groups are not allowed.

Duplicate emails are checked automatically.

If the user's email exists already in Landgate's CRM but is not a current Client Portal user, a prompt will appear to confirm the details and proceed with granting access to the portal.

- 2 The **Role** field is to assign either Standard or Administrator access.

A welcome email is sent to the new user to establish their password.

Administration - edit user accounts

Administrators can maintain user profiles through the action menu.

For Active Users:

- 1 **Edit details** – all user details can be updated except for 'organisation'.
- 2 **Reset Password** – the user will receive an email to start the password update process.
- 3 **Deactivate user** - to prevent the user account being used from logging in to the portal.

For Inactive Users:

- 4 **Activate user** – a prompt will appear requesting confirmation that the account is to be reactivated.
